INDIAN TERRITORY.

POPULATION, 172,321.

(Census of 1890.)

Number of Physicians, 291.

The Territory is bounded on the north by Oklahoma Territory, on the south by Texas, on the east by Arkansas and on the west by Texas, and comprises an area of 29,961 square miles, or 19,175,000 acres. It forms part of that vast inclined plane which slopes gradually down from the base of the Rockies to the Mississippi river. The valleys of the rivers in the eastern portion are fertile. The Arkansas, Red and Canadian rivers, with their tributaries, drain the Territory. The climate is warm and dry, the southeastern being the hottest and the north-western the coldest portions; the mean annual temperature in the former is 60 degrees and the latter 55 degrees. The mean average rainfall is 31.2 inches. The river borders are fringed with cottonwoods and the land is mostly prairie.

The Indians have made considerable advances in civilization during the past few years, have newspapers printed in their own language, good schools, and are engaged in agriculture and a few branches of manufacturing. No reliable statistics regarding the Territory are obtainable.

MEDICAL LAWS OF INDIAN TERRITORY.

MEDICAL LAWS OF THE CHEROKEE NATION RELATING TO PHYSICIANS.

Section 144. The principal chief is authorized and required to appoint a board of physicians, to consist of three persons who are regular graduates of some well-authenticated medical school, and residents of the Nation whose duty it shall be to examine all persons not citizens of the Nation who have located or may locate hereafter within the limits of said Nation for the purpose of practicing medicine.

Section 145. Any person desiring to come before the board for examination shall make his or her application to the president of the board in writing, and shall accompany such application with sufficient references as to his or her moral character in the community in which he or she resided the year previous, and shall also accompany such application with the endorsement of four or more citizens of the Nation, resident in the vicinity where the applicant may desire to practice medicine. Such application shall likewise be accompanied with the sum of twenty-five dollars, which shall be the fee for examination.

Section 146. Any person coming before the board and standing a satisfactory examination shall be furnished a certificate of the same, and upon presentation of such certificate to the United States Indian Agent, he is requested to grant the holder thereof a permit to reside in the Cherokee Nation for one year for the purpose only of practicing medicine, and to renew annually such permit upon satisfactory evidence of good behavior.

Section 147. Any person not a citizen, and claiming to be a physician, and failing to comply with the provisions of this act, shall be deemed an intruder and dealt with accordingly; and it shall be the duty of said board to report to the principal chief any person making application and failing to pass a satisfactory examination (November 24th, 1873).

Section 148. The principal chief is authorized to grant the holder of a certificate of a satisfactory examination from the "board of physicians" a permit to remain within the Cherokee Nation under the same terms and conditions as the act of November 24th, 1873, grants to the United States Indian Agent.

Section 149. Any physician lawfully practicing his profession within the Nation may collect in the same manner and upon the same conditions as other debts are collected before any of the courts of the Nation, not exceeding 75 cents per mile in going to visit a patient, during the hours from sunrise to sunset, and not exceeding one dollar per mile from sunset to sunrise (December 7th, 1878).

MEDICAL LAWS OF THE CHOCTAW NATION.

Chapter IX. Section IV. The Practice of Medicine.

1. The principal chief is authorized and required to appoint a board of physicians to consist of three persons, citizens of the Choctaw Nation, who are regular graduates of some well-known medical college, and residents of said Nation, whose duty it shall be to examine all persons not citizens of this Nation, who have located, or may locate hereafter, within the limits of said Nation for the purpose of practicing medicine.

2. Any person desiring to come before the board for examination, shall make application in writing to said board, and shall accompany such application with sufficient references of his or her moral character, by four or more citizens of the Nation of good standing, to whom the applicant is known. The fee for the examination of each applicant shall be twenty-five dollars, and in default of the payment of which in advance, the board shall not be required to make the examination.

3. If an applicant shall stand a satisfactory examination, or shall hold a diploma such as may be satisfactory to said board, they shall grant said applicant a certificate upon which the principal chief shall authorize the judges of the county courts to grant a permit to such applicant to practice medicine; and without the authority of the principal chief, as above mentioned, the county judge is hereby prohibited from granting the same.

4. Any person, not a citizen, who shall practice medicine in this Nation in violation of the provisions of this act, shall be held to be an intruder and dealt with accordingly.

Permit costs \$10, and has to be renewed annually.

CREEK NATION.

J. R. Brewer, M. D., of Muskogee, writes:

"There is no Creek law regulating the practice of medicine further than you pay \$25 per annum for the privilege of practicing medicine in the Creek Nation. Anyone is permitted to practice who pays said permit, whether he knows anything about medicine or the human system or not."

IOWA.

CAPITAL, DES MOINES.

Population of State, 1,911,896.
(Census of 1890.)

Males	994,453	Native	1,587,827
Females	917,443	Foreign	324,069
White	1,901,086	Chinese	65
Colored	10,685	Indians	60

Number of Physicians, 3,400.

Iowa extends from 40 degrees 25 minutes to 43 degrees 30 minutes north latitude, and from 90 degrees 18 minutes to 96 degrees 53 minutes west longitude, and is bounded on the north by Minnesota, on the south by Missouri, on the east by Wisconsin and Illinois, and on the west by Dakota and Nebraska. It comprises an area of 55,045 square miles, or 35,228,800 acres, and forms part of an immense plain, unbroken by any mountain range. The Mississippi, which flows along the eastern border, and the Missouri, which washes the western shore, are the two great rivers of the State, and all other rivers of Iowa are tributary to one or the other of these mighty streams. The Des Moines, Red Cedar, Iowa, Skunk, Maquoketa and Turkey, are all tributaries of the Mississippi; and the Chariton, Grand Platte, Nodaway, etc., belong to the Missouri drainage system. The climate is salubrious and is not marked by unhealthy extremes, the mean annual temperature, as observed at Des Moines, being 48.94 degrees, that of the summer 71.80 degrees, and of the winter 25.39 degrees. The average amount of rainfall is about 43 inches.

The following table shows increase in population since 1840:

1840.....	43,112	1870.....	1,194,024
1850.....	192,214	1880.....	1,624,615
1860.....	674,963	1890.....	1,911,896

The following is a list of the medical colleges of the State: College of Physicians and Surgeons, Keokuk; Medical Department of the State University of Iowa, Iowa City; Homoeopathic Medical Department of the State University of Iowa, Iowa City; Iowa College of Physicians and Surgeons, Des Moines; Keokuk Medical College, Keokuk; and Sioux City College of Medicine (Medical Department of the University of the Northwest), Sioux City.

Rate of mortality in Iowa, as computed from the United States census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,911,896	17,521	9.16	17.395	162	9.13	15.00

The total number of deaths from consumption during 1890 was 1,832, which was at the rate of .96 per 1,000 of population, or 104.56 per 1,000 of total deaths.

For list of Medical Colleges see page 101.

MEDICAL LAWS OF IOWA.

REGULATING THE PRACTICE OF MEDICINE.

(Chapter 104, Laws of 1886.)

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF IOWA.

Be it Enacted by the General Assembly of the State of Iowa:

Section 1. That every person practicing medicine, surgery or obstetrics, in any of their departments, within this State, shall possess the qualifications required by this act. If a graduate in medicine, such person shall present his or her diploma to the State Board of Examiners for verification as to its genuineness. If the diploma is found genuine, and is issued by a medical school legally organized and of good standing, of which the State Board of Examiners shall determine, and if the person presenting and claim-

ing such diploma be the person to whom the same was originally granted then the State Board of Examiners shall issue its certificate to that effect signed by not less than five physicians thereof, representing one or more physicians of the schools on the board, and such certificate shall be conclusive as to the right of the lawful holder to practice medicine, surgery and obstetrics within this State. If not a graduate, the person practicing medicine or surgery within this State, unless he or she shall have been in continuous practice in this State for a period of not less than five years of which he or she shall present to the State Board of Examiners satisfactory evidence in the form of affidavits, shall appear before said State Board of Examiners and submit to such examination as said board may require. All examinations shall be conducted in writing, and all examination papers together with the reports and action of the examiners thereon, shall be preserved as the records of said board for the period of five years, during which time they shall remain open for inspection at the office of the said State Board of Examiners. Such examination shall be in anatomy, physiology, general chemistry, pathology, therapeutics and the principles and practice of medicine, surgery and obstetrics. Provided, that each applicant upon receiving from the secretary of the board an order for an examination shall receive also a confidential number, which he or she shall place upon his or her examination papers, so that when said papers are passed upon by the examiners, the latter shall not know by what applicant said papers have been prepared. That upon each day of examination all candidates be given the same set or sets of questions. It is further provided that the examination papers shall be marked upon the scale of one hundred (100), and that in order to secure a license it shall be necessary for the applicant to attain such average as shall hereafter be determined by the State Board of Examiners, and if such examination be satisfactory to at least five physicians of said board, representing the different schools of medicine on the board, the board shall issue a certificate which shall entitle the lawful holder thereof to all the rights and privileges herein provided, and the physicians and the secretary of the State Board of Health shall constitute and be deemed a board of examiners for the purpose of this act.

2. The State Board of Examiners shall procure a seal within sixty days after the passage of this act, and through the secretary of said board shall receive applications for certificates and examinations. The president or any member of the board shall have the authority to administer oaths and take testimony in all matters relating to their duties as examiners aforesaid. The board shall provide three forms of certificates: one for persons in possession of genuine diplomas, one for candidates examined by the board, and one for persons who have practiced medicine or surgery in any of its departments for five years as provided in this act. Said certificates shall be signed by not less than five physicians of the board, and this number may act as an examining board in the absence of the full board. Provided, that one or more of the different schools of medicine represented in the State Board of Health shall also be represented in the Board of Examiners. The Board of Examiners shall hold meetings at such places as will best accommodate applicants residing in different portions of the State, and at any such time as they shall deem best, and due notice of the time and place of such meetings shall be published.

3. The board shall examine all diplomas submitted to them for such purpose to determine their genuineness and the rightful ownership of the person presenting the same. The affidavit of the applicant and holder of any diploma that he or she is the person therein named, and is the lawful possessor thereof, shall be necessary to verify the same, with such other testimony of (as) the board may require. Diplomas and accompanying affidavits may be presented in person or by proxy. If the diploma shall be found genuine, and in possession of the person to whom it was issued, the State Board of Examiners shall upon the payment of a fee of two dollars to the secretary of the board, issue a certificate to the holder of such diploma, and no further fee or sum shall be demanded or collected from said applicant by said board for such certificate. If the diploma shall be found to be fraudulent, or not lawfully in possession of the holder or owner thereof, the person presenting such diploma or holding or claiming possession thereof, shall be deemed guilty of a misdemeanor, and on conviction thereof, before any court of competent jurisdiction, be fined not less than twenty dollars nor more than one hundred dollars.

4. Every person holding a certificate issued by the State Board of Examiners, shall, within sixty days after the date of such certificate, have the same recorded in the office of the county recorder in the county wherein he resides, and should he remove from one county to another to practice medicine, surgery or obstetrics, his certificate must be recorded in the county to which he removes. The county recorder shall endorse upon the certificate the date of record, and he shall be entitled to charge and receive a fee of fifty cents for his services, the fee to be paid by the applicant.

5. The county recorder shall record in a book, provided for that purpose, a complete list of the certificates presented for record, and the date of their

issue by the State Board of Examiners. If the certificate is issued by reason of a diploma, the name of the medical college conferring the same, and the date when conferred, shall be recorded; and when such certificate shall have been granted upon the examination of the board, or because of five years' practice in the State, such fact shall be recorded. Said records shall be open for inspection during business hours.

6. Candidates for examination shall pay in advance to the secretary of the State Board of Examiners a fee of ten dollars, which fee, together with the fees received for certificates, shall defray the entire expense of the aforesaid Board of Examiners, and the balance shall be turned over to the State Treasurer for the benefit of the school fund, except such an amount as will pay each member of the board ten dollars (\$10) per day during the time he is in actual attendance upon the session of the said board for the purpose of performing the duties required of him under this act, and as will pay the secretary of the board such a salary as they may allow, not to exceed five dollars per day during the time he is actually engaged in performing the work of the board under this act, and each member of the Board of Examiners shall also receive a sufficient amount to defray his actual and necessary expenses while in the discharge of the duties herein provided. Any one failing to pass the required examination shall be entitled to a second examination within twelve months without fee; provided, that any applicant for examination by notice in writing to the secretary shall be entitled to an examination within three months from the time of said notice, and a failure to give such opportunity shall entitle such applicant to practice without the certificate required by this act until the next regular meeting of said board. Provided, further, the board may also issue certificates to persons who, upon application, present a certificate of having passed a satisfactory examination before any other State Board of Medical Examiners, upon the payment of the fee as provided in Section three, Chapter 66, Laws of 1888.

7. The State Board of Examiners may refuse to grant a certificate to any person who has been convicted of a felony committed in the practice of his profession or in connection therewith, or may revoke certificates for like cause, or for palpable evidence of incompetency, and such refusal or revocation shall prohibit such person from practicing medicine, surgery or obstetrics; provided, such refusal or revocation of a certificate can only be made with the affirmative vote of at least five physicians of the State Board of Examiners, in which number shall be included one or more members of the different schools of medicine represented in said board; and provided, further, that the standing of a legally chartered medical college, from which a diploma may be presented shall not be questioned except by a like vote.

8. Any person shall be deemed as practicing medicine, surgery or obstetrics, or to be a physician within the meaning of this act, who shall publicly profess to be a physician, surgeon or obstetrician, and assume the duties, who shall make a practice of prescribing or of prescribing and furnishing medicines for the sick, or who shall publicly profess to cure or heal, by any means whatsoever, but nothing in this act shall be construed to prohibit students of medicine, surgery or obstetrics from prescribing under the supervision of preceptors, or gratuitous service in case of emergency, nor shall this act extend to prohibit women who are at this time engaged in the practice of midwifery, nor to prevent the advertising, selling or prescribing natural mineral waters flowing from wells or springs; nor shall this act apply to surgeons of the United States army or navy, marine hospital service, nor to physicians as defined herein who have been in practice in this State for five consecutive years, three years of which time shall have been in one locality; provided, such physician shall furnish the State Board of Examiners satisfactory evidence of such practice, and shall procure the proper certificate as provided in this act, and for which certificate such physician shall pay the secretary of the State Board of Examiners a fee of two dollars, and said board shall issue to the applicant such certificate; nor shall this apply to registered pharmacists when filling prescriptions, nor shall it be construed to interfere with the sale of patent or proprietary medicines in the regular course of trade.

9. Any person who shall practice medicine or surgery within this State, without having complied with the provisions of this act, and who is not embraced in any of the exceptions or after being prohibited from so doing as provided in section 7 of this act, shall be deemed guilty of a misdemeanor, and shall, on conviction thereof, be punished by a fine of not less than fifty nor more than one hundred dollars, or by imprisonment in the county jail not less than ten days nor more than thirty days.

10. Any person who shall file, or attempt to file, with the State Board of Examiners, as his or her own, the diploma of another person or who shall file or attempt to file with the county recorder the certificate of another person, as his or her own, or who shall file, or attempt to file, a diploma or certificate with the true name erased therefrom and the claimant's name inserted, or who shall file, or attempt to file, any forged affidavit or identification, shall be deemed guilty of the crime of forgery.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

KANSAS.

CAPITAL, TOPEKA.

Population of State, 1,427,096.

(Census of 1890.)

Males	752,112	Native	1,279,258
Females	674,984	Foreign	147,838
White	1,376,553	Chinese	97
Colored	49,710	Indians	736

Number of physicians, 2,210.

Kansas lies within the meridians of 94 degrees 37 minutes and 102 degrees west longitude, and the parallels 37 degrees and 40 degrees north latitude, and is bounded on the north by Nebraska, on the south by the Indian Territory, on the east by the Missouri River and the State of Missouri, and on the west by Colorado. It is the central State of the Union, being equi-distant from the Pacific and Atlantic oceans on the west and east, and the British possessions and Mexico on the north and south, and contains an area of 81,318 square miles, or 52,043,520 acres.

The principal rivers are the Missouri, which washes the northeastern boundary; the Kansas, which, with its affluents, the Smoky Hill, Delaware, Blue, Republican, Solomon and Saline rivers, drains the northern portion of the State and empties into the Missouri; the Arkansas, which drains all Southern Kansas, and the Osage, which flows through the east and central portions of the State.

The climate is mild and healthful, the mean annual temperature as observed at Lawrence being about 53 degrees—that of the summer 75.82 degrees and of the winter 31.65 degrees. The average annual rainfall is about 31.75 inches.

The following table shows the increase in population for 30 years:

1860... ..	107,206	1880.....	996,096
1870.....	373,299	1890.	1,427,096

There are no medicinal springs. The medical institutions in the State are the College of Physicians and Surgeons at Kansas City, the Kansas Medical College at Topeka, and a preparatory college located at Lawrence.

Rate of mortality in Kansas, as computed from the United States census of 1890:

Population.	Deaths in 1890.	Rate per 1000.	White.	Colored	Rate per 1,000 White.	Rate per 1,000 Colored.
1,427,096	12,018	8.42	11,317	701	8.22	13.87

The number of deaths from consumption during 1890 was 1,368, which was at the rate of .96 per 1,000 of population, or 113.83 per 1,000 of total deaths.

For List of Medical Colleges, see page 101.

MEDICAL LAWS OF KANSAS.

The Criminal Code of Kansas enacts as follows:

1. That it shall be unlawful for any person within the limit of the State of Kansas, who has not attended two full courses of instruction and graduated in some respectable school of medicine, either of the United States or of some foreign country, or who cannot produce a certificate of qualification from some State or county medical society, and is not of good moral character, to practice medicine in any of its departments for reward or compensation, for any sick person within the State of Kansas; provided, that in all cases when any person has been continuously engaged in the practice of medicine for a period of ten (10) years or more, he shall be considered to have complied with the provisions of this act, and that where persons have been in continuous practice of medicine for five years or more, shall be allowed two years in which to comply with such provisions.

2. That any person living in the State of Kansas, or any person coming into said State, who shall practice or attempt to practice medicine in any of its departments, or perform or attempt to perform any surgical operation upon any person within the limits of said State, in violation of Section one (1) of this act, shall upon conviction thereof, be fined in not less than fifty nor more than one hundred dollars for such offense, and upon conviction for a second violation of this act shall, in addition to the above fine, be imprisoned in the county jail of the county in which said offense shall have been committed, for the term of thirty days, and in no case wherein this act shall have been violated, shall any person so violating receive a compensation for services rendered. Provided, that nothing herein contained shall in any way be construed to apply to any person practicing dentistry.

Adopted March 15, 1879.

The postoffice address is shown in **Display Type**, the name of county in which is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

KENTUCKY.

CAPITAL, FRANKFORT.

Population, 1,858,635.

(Census of 1890.)

Males	942,758	Native	1,799,279
Females	915,877	Foreign	59,356
White	1,590,462	Chinese	31
Colored	268,071	Indians	71

Number of Physicians, 3,104.

Kentucky extends from 36 degrees 30 minutes to 39 degrees 06 minutes north latitude, and from 82 degrees 06 minutes to 89 degrees 44 minutes west longitude, and is bounded on the north by Ohio, Illinois and Indiana, on the west by Missouri, on the south by Tennessee, and on the east by Virginia and West Virginia. The State comprises an area of 37,480 square miles, or 23,987,200 acres. It has a river boundary of 813 miles, its northern border being washed by the Ohio, its eastern by the Big Sandy or Chattaroi, and its western by the Mississippi; nearly all the other rivers which drain the State are affluents of the Ohio.

The climate here, as in all parts of the United States, is variable; but Kentucky is marked by no unhealthy extremes, the mean annual temperature being 55 degrees F., that of the summer 73.96 degrees, and of the winter 38 degrees. The average annual rainfall along the Ohio river is about 48 inches and in the southern extremity 60 inches.

The following table shows increase in population for 70 years:

1820	564,135	1860	1,155,684
1830	687,917	1870	1,321,011
1840	779,828	1880	1,648,690
1850	982,405	1890	1,858,635

The following is a list of the medical colleges in Kentucky: University of Louisville Medical Department, Louisville; Kentucky School of Medicine, Louisville; Louisville Medical College, Louisville; Hospital College of Medicine, Louisville; Louisville National Medical College, Louisville, and Southwestern Homoeopathic Medical College, Louisville.

There are numerous medicinal springs in the State.

Rate of mortality in Kentucky, as computed from the United States census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,858,635	23,877	12.85	19,398	4,479	12.19	16.70

The total number of deaths from consumption during 1890 was 3,538, which was at the rate of 1.90 per 1,000 of population, or 148.18 per 1,000 of total deaths.

For list of Medical Colleges see page 101.

St. Joseph's Infirmary

CONDUCTED BY SISTERS OF CHARITY OF NAZARETH.

ESTABLISHED 1847.

723 4th Ave., LOUISVILLE, KY.

This old and well known Institution has 45 apartments for Private Patients and 14 beds for Charity Patients. It is centrally situated on the principal street of the city. The rooms are light, spacious and well ventilated. Furnished with Electric Bells and Electric Lights, and having all modern conveniences. The Bath Rooms, 7 in number, are conveniently placed on every floor. A spacious elevator affords easy access to patients who occupy apartments on the upper floors. The operating room is unusually large and provided with all appliances required by modern science. Electric lights and reflectors enable surgical operations to be performed at night in case of emergency, and skylights furnish the most perfect light by day. Immediately adjacent to operating room are consulting rooms, rooms for administering anæsthetics, and recovery room. The Infirmary has a fully equipped Drug Room and an experience Druggist, so that medicines needed at any moment may be obtained in the house without delay. A Competent Resident Physician is constantly in the house. Patients in the Institution are attended by physicians and surgeons of their own selections. Well instructed and experienced nurses give their whole time to the care and comfort of the patients.

MEDICAL LAWS OF KENTUCKY.

Be it Enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. It shall be the duty of the county clerk of each county to purchase a book of suitable size, to be known as the "Medical Register" of the county, and to set apart one full page for the registration of each physician; and when any physician shall die or remove from the county, he shall make a note of the same at the bottom of the page; and said clerk shall, on the first day of January in each year, transmit to the office of the State Board of Health a duly certified list of the physicians of said county registered under this law, together with such other information as is hereinafter required, and perform such other duties as are required by this law; and such clerk shall receive the sum of fifty cents from each physician so registered, which shall be his full compensation for all the duties required under this law.

Sec. 2. It shall be unlawful for any person to practice medicine, in any of its branches, within the limits of this State, who has not exhibited and registered in the County Clerk's office of the county in which he resides his authority for so practicing medicine as herein prescribed, together with his age, address, place of birth, and the school or system of medicine to which he proposes to belong; and the person so registering shall subscribe and verify by oath, before such clerk, an affidavit containing such facts, which, if willfully false, shall subject the affiant to conviction and punishment for perjury.

Sec. 3. Authority to practice medicine under this law shall be a certificate from the State Board of Health, and said board shall, upon application, issue a certificate to any reputable physician who is practicing, or who desires to begin the practice of medicine in this State, who possesses any of the following qualifications: First, a diploma from a reputable medical college legally chartered under the laws of this State. Second, A diploma from a reputable and legally chartered medical college of some other State or country, indorsed as such by the State Board of Health. Third, Satisfactory evidence from the person claiming the same that such person was reputably and honorably engaged in the practice of medicine in this State prior to February twenty-third, one thousand eight hundred and sixty-four. Applicants may present their credentials by mail or proxy, and the board shall issue its certificates to such applicants as are entitled thereto as though the applicant was present. All certificates shall be signed by the president and secretary, and attested by the seal of the board, and not more than two dollars shall be charged for any certificate.

Sec. 4. Nothing in this law shall be construed as to authorize any itinerant doctor to register or to practice medicine in any county in this State.

Sec. 5. The State Board of Health may refuse to issue the certificate provided for in section three of this article to any individual guilty of grossly unprofessional conduct of a character likely to deceive or defraud the public, and it may, after due notice and hearing, revoke such certificates for like cause. In all cases of refusal or revocation, the applicant may appeal to the Governor, who may affirm or overrule the decision of the board, and this decision shall be final.

Sec. 6. Nothing in this law shall be so construed as to discriminate against any peculiar school or system of medicine, or to prohibit women from practicing midwifery, or to prohibit gratuitous services in case of emergency; nor shall this law apply to commissioned surgeons of the United States army, navy or marine hospital service, or to legally qualified physicians of another State, called to see a particular case or family, but who does not open an office or appoint any place in this State where he or she may meet patients or receive calls.

Sec. 7. It shall be the duty of the State and local Boards of Health to bring to the attention of the courts any violations of the provisions of this law within their respective jurisdictions.

Sec. 8. Any person living in this State, or any person coming into this State, who shall practice medicine, or attempt to practice medicine in any of its branches, or who shall perform, or attempt to perform, any surgical operation for or upon any person within the limits of this State, for reward or compensation, in violation of the provisions of this law, shall, upon conviction thereof, be fined fifty dollars, and upon each and every subsequent conviction shall be fined one hundred dollars and imprisoned thirty days, or

OFFERS UNEXCELLED HOSPITAL ADVANTAGES.

COURSE OF STUDY—FOUR YEARS,

SUBJECT TO THE FOLLOWING MODIFICATIONS:

(a) Graduates of literary colleges may enter the second year of the four years course, but such students must pass satisfactory examinations in all branches of the first year not already completed.

(b) Students who have completed certain branches in other reputable institutions may be given credit for such branches upon the presentation of proper certificates to that effect.

The fourth year of college work now required will hereafter take the place of the year's preparatory study under a preceptor formerly made obligatory.

Annual term begins the last of September and runs six months.

For announcement and particulars write to

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

LOUISIANA.

CAPITAL, BATON ROUGE.

POPULATION OF STATE, 1,118,587.

(Census of 1890.)

Males	559,350	Native	1,068,840
Females	559,237	Foreign	49,747
White	558,395	Chinese	372
Colored	559,193	Indians	627

Number of Physicians, 1,460.

Louisiana is bounded on the north by Arkansas and Mississippi, on the south by the Gulf of Mexico, on the east by Mississippi, and on the west by Texas, and extends from 89 degrees 30 minutes to 94 degrees west longitude, and from 29 degrees to 33 degrees north latitude. It comprises an area of 41,346 square miles, or 26,461,440 acres. The State throughout is a low, alluvial plain, and the southeastern and eastern counties are swampy, while those in the northwest and west, being somewhat hilly, are better drained. Much of the soil bordering on the Mississippi is below the level of the river during high water, and is protected from inundation by levees of earth similar to the dikes of Holland.

The principal river of Louisiana is the Mississippi, which is navigable throughout its entire length in the State for the largest steamboats, and at all seasons of the year. The Red river, also navigable, extends through the northwestern and central portion of the State. The Washita in the north and Calcasieu in the south are the next most important rivers. Many lakes and lagoons are scattered over the State, the largest being Pontchartrain, which is connected with the Gulf of Mexico by Lake Borgne, which is navigable.

The climate is warm, but the winters are colder and more variable than in the same latitude on the Atlantic coast. The mean annual temperature, as observed at New Orleans, is 69.06 degrees, that of the

summer, 81.08 degrees, and of the winter, 56 degrees. The average annual rainfall is about 51 inches.

The following table shows the increase in population for 70 years:

1820.....	152,923	1860 ..	708,002
1830.....	215,739	1870	726,915
1840.....	352,411	1880.....	939,946
1850.	517,762	1890	1,118,587

There are several mineral springs in the State.

The medical colleges in the State are the Medical Department Tulane University of Louisiana; and the Medical Department New Orleans University (for colored students).

Rate of Mortality in Louisiana, as computed from the U. S. Census of 1890.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,118,587	16,354	14.62	8,638	7,716	15.47	13.78

Total number of deaths from consumption during 1890 was 1,516, which was at the rate of 1.35 per 1,000 of population, or 92.70 per 1,000 of total deaths.

MEDICAL LAWS OF LOUISIANA.

AN ACT to regulate the practice of medicine, surgery and midwifery; to create State Boards of Medical Examiners, and to regulate the fees and emoluments thereof; to prevent the practice of medicine, surgery and midwifery by unauthorized persons; and to provide for the trial and punishment of violators of the provisions of this act by fine or imprisonment, or both; and to repeal all laws or parts of laws in conflict or inconsistent with this act.

Section 1. Be it enacted by the General Assembly of the State of Louisiana, That from and after the promulgation of this act, no person excepting those already engaged under existing laws in the practice of medicine, surgery, midwifery and dentists shall practice medicine in any of its departments within the State of Louisiana unless such person shall possess all the qualifications required by this act.

Sec. 2. Be it further enacted, etc., That after the promulgation of this act, any person before entering upon the practice of medicine in any of its branches, dentists excepted, shall present to the Board of Medical Examiners,

as hereinafter constituted, a diploma from a medical college in good standing; said standing to be determined by the board, and shall pass a satisfactory examination before the board upon the following branches, to-wit: Anatomy, physiology, chemistry, principles of medicine, obstetrics, physical diagnosis, surgery, materia medica and hygiene. The person shall also satisfy the board that he or she is 21 years of age, of good moral character, and possesses at least a fair primary education. If said diploma and examination are satisfactory to the board they shall issue to such person a certificate in accordance with the facts.

Sec. 3. Be it further enacted, etc., That the medical examiners herein provided for shall consist of two boards—one of physicians and surgeons recommended by the Louisiana State Medical Society, and one of physicians and surgeons recommended by the Hahnemann State Medical Society. There shall be five members of each board, any three of whom shall constitute a quorum for the purpose of holding an examination and granting a certificate. All the members of both boards shall be graduated physicians and practitioners.

The board composed of physicians and surgeons recommended by the Louisiana State Medical Society shall examine all applicants who propose to practice any other than the homeopathic system of medicine, and the board composed of physicians recommended by Hahnemann State Medical Society shall examine all applicants who propose to practice the homeopathic system of medicine. The certificate of either board shall be conclusive proof of the efficiency of the applicant examined by said board. All examinations held by the boards and the answers of the applicants shall be in writing, and shall be kept as records. All members of both boards shall be appointed by the Governor of the State from a list of names presented by the Louisiana State Medical Society and the Hahnemann State Medical Society, and the Governor shall have the right to remove any or all the members thereof for inefficiency or neglect of duty, and to fill all vacancies occurring in these boards from names recommended by their respective societies.

Sec. 4. Be it further enacted, etc., That the first Boards of Medical Examiners appointed under this act shall meet and organize within thirty days from the date of their appointment, and shall name one member to serve for the term of two years, one member for the term of three years, one member for the term of four years, one member for the term of five years, and one member for the term of six years; deciding by lot or agreement among themselves as to their respective terms. At the expiration of the above terms each member shall be appointed by the Governor for the term of six years, from names recommended by their respective State medical societies.

Sec. 5. Be it further enacted, etc., That every person practicing midwifery in this State, on the passage of this act, shall, within ninety days thereafter, register with the secretary of the Board of Health, in the parish of Orleans, and with the clerk of the District Court in the other parishes of the State, in the manner provided for physicians, giving her age and length of time, and the place or places during, and at which, she has been engaged in said practice, and make affidavit thereto, and shall pay to the secretary of the Board of Health in the parish of Orleans or to the clerk of the District Court in the other parishes of the State as the case may be, a fee of \$1. Said secretary of the Board of Health of the parish of Orleans, or clerk of the District Court, shall issue a certificate to the one so registering in accordance with the facts herein set forth, upon a blank form to be furnished by the State Board of Health, which shall entitle the holder to practice midwifery in the parish in which said certificate is issued. The clerks of the District Courts of the several parishes of the State, Orleans excepted, shall annually on the first Monday in January, make returns to the secretary of the State Board of Health in the parish of Orleans of all such certificates on record in his office.

All persons beginning the practice of midwifery in this State after the passage of this act shall appear before one of the State Boards of Examiners and submit to such examination in midwifery as the board shall require, and if such examination is satisfactory the said board shall, upon receipt of \$5, issue a certificate the same as provided for midwives in practice at the time of the passage of this act, which certificate shall be registered as in the manner provided for midwives in practice at the time of the passage of this act, but for such registration with the secretary of the State Board of Health or with the clerk of a District Court, the holder of said certificate shall be required to pay a fee of 50 cents only. This section does not apply to the so-called midwife of rural districts and plantation practice, who, in the sense of this act, are not considered as practicing midwifery as a profession.

Sec. 6. Be it further enacted, etc., That the Boards of Medical Examiners are authorized to elect such officers and form such by-laws as may be necessary for the efficient operation of the boards.

The boards shall have a common seal, and the president and secretary

of their respective boards shall be empowered to administer oaths in the taking of testimony upon any matters pertaining to the duties of said boards.

Sec. 7. Be it further enacted, etc., That the regular meetings of the boards shall be held at least twice in each year in the city of New Orleans, but the president of the board may call special meetings elsewhere in the State whenever the boards may deem it necessary or expedient; the call to be issued by the secretary and signed by the president.

Sec. 8. Be it further enacted, etc., That to prevent delay and inconvenience, one member of a Board of Medical Examiners may grant a permit, after a satisfactory examination, to any applicant, and shall report thereon to the boards at the next regular meeting; such temporary permit shall not continue in force longer than until the next regular meeting of the boards, but such temporary permit shall in no case be granted within six months after the applicant has been refused a permit by the boards.

Sec. 9. Be it further enacted, etc., That the certificates issued in accordance with Section 2 of this act shall be recorded in the office of the clerk of the District Court of the parish in which he or she resides, who shall make this recordation in a book to be kept for that purpose only, and also certify to such recordation by an endorsement of the original certificate, which the holder thereof shall transmit or deliver to the State Board of Health; and the clerk recording the same shall be entitled to a fee of one dollar. Such certificate transmitted or delivered to the State Board of Health shall entitle the holder to be placed on the list of registered physicians and surgeons, the publication of which is hereinafter provided for. Said Board of Health shall preserve such certificates, and a copy thereof, signed by its secretary, shall be received as evidence in the courts of this State, and for such copy a fee of fifty cents shall be paid. Until such recordation is made, the holder of such certificate shall not exercise any of the rights or privileges therein conferred to practice medicine.

Sec. 10. Be it further enacted, etc., That it shall be the duty of the State Board of Health to publish annually in the official journal of the State (and if there is no such journal, in one of the daily newspapers published in the city of New Orleans) a list of the registered physicians and surgeons in the State and their residences, and such published list shall be received in evidence by the courts of this State as proof that the physicians and surgeons therein named are duly registered as required by law, and the said State board of health is hereby required to strike from said list the name of any person whose certificate may have been revoked by the State Boards of Medical Examiners, as herein provided for.

Sec. 11. Be it further enacted, etc., That the members of said boards of medical examiners shall receive, as a compensation for their services, ten (\$10) dollars per day during their session, and, in addition thereto, their hotel and traveling expenses by the most direct route to and from their respective places of residence, to be paid out of any moneys in the treasury of the boards upon the certificate of the president and secretary. The boards are empowered to demand a fee of one (\$1) dollar for the issuing of each certificate. The fee for examination shall be ten (\$10) dollars. If the applicant fails to pass a satisfactory examination, and no certificate is issued to him or her, five (\$5) dollars, to be paid into the treasury of the boards, only of his or her fee is to be retained. The fee for certificate of temporary permit shall be five (\$5) dollars, to be paid into the treasury of the boards, said fee to be accredited to the applicant when he applies to the boards for a permanent permit.

Sec. 12. Be it further enacted, etc., That any itinerant vendor of any drug, nostrum, ointment or application of any kind, intended for the treatment of disease or injury, or who may by writing, print or other methods, profess to cure or treat disease or deformity by any drug, nostrum, manipulation, or other expedient in this State, shall, if found guilty, be fined in any sum not less than twenty (\$20) dollars and not exceeding one hundred (\$100) dollars for each offense, to be recovered in an action of debt, before any court of competent jurisdiction, or shall be imprisoned for a term of not less than ten (10) days or more than thirty (30) days, or be both fined and imprisoned.

Sec. 13. Be it further enacted, etc., That any person shall be regarded as practicing medicine, in any of its departments, within the meaning of this act, who shall append the letters M. D. or M. B. to his or her name or repeatedly prescribe or direct, for the use of any person, or persons, any drug or medicine or other agency for the treatment, cure or relief of any bodily injury, infirmity or disease. This act shall not apply to farmers and planters when exclusively practicing, without compensation, on their employees and tenants.

Sec. 14. Be it further enacted, etc., That any person practicing medicine, in any of its departments in this State, without first having obtained the certificate herein provided for or contrary to provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be pun-

ished by a fine of not less than \$50, or more than \$100, or by imprisonment in the parish jail for a period of not less than ten days, or more than ninety days, or by both fine and imprisonment for each offense. It shall be the duty of the respective district attorneys to prosecute violations of the provisions of this act, before any court of competent jurisdiction.

Sec. 15. Be it further enacted, etc., That the said boards shall have power to revoke any permit or certificate issued by them whenever it shall appear that the physician thus licensed has been convicted of immoral conduct before a competent court.

Sec. 16. Be it further enacted, etc., That any practitioner of medicine, in any of its departments, failing to comply with the requirements of this act, shall not be exempt from jury or military duty, nor be permitted to collect any fees or charges for services rendered, nor be allowed to testify as a medical or surgical expert in any court in this State, nor execute any certificates as a physician or surgeon, nor to hold any medical office, nor to be recognized by the State or parish or municipal corporation as a physician or surgeon; nor shall he be entitled to enjoy any of the privileges, rights or exemptions granted to physicians or surgeons by the laws of this State.

Sec. 17. Be it further enacted, etc., That this act shall not apply to any commissioned surgeon of the United States army, navy, or marine hospital service; to physicians or surgeons from other States or territories in actual consultation with a registered physician of this State, nor to any physician actually practicing in this State before the passage of this act and in accordance with then existing laws.

Sec. 18. Be it further enacted, etc., That the said boards shall report to the prosecuting officer of the State of Louisiana all persons violating the provisions of this act. They shall report, annually, to the governor of this State upon the condition of the practice of medicine in the State, its recommendations for the improvement of the practice, as well as a record of the proceedings of the board during the year, together with the names of all physicians or surgeons to whom the said board shall have issued certificates during the year, in accordance with the provisions of section 2 of this act.

Sec. 19. Be it further enacted, etc., That it shall not be lawful for the State boards of medical examiners, or any member thereof, in any manner whatever, or for any purpose, to charge or obligate the State of Louisiana for the payment of any money, except as provided for in act 44 of the acts of 1882 relating to the publication of registered physicians, etc., and the said boards shall look alone to the revenue derived from the operation of this act for the compensation designated in section 11 of this act. And if said revenue is not sufficient to pay each member in full, as per section 11, then the amount thus received shall be pro-rated among the members. But if, at the end of the year, there should be a greater revenue derived than sufficient to defray the expenses of the boards at all their sessions for the year as provided in section 7, such surplus shall remain in the treasury to be used in the expenditures of the boards during the succeeding year.

Sec. 20. Be it further enacted, etc., That all laws or parts of laws in conflict with this act be and the same are hereby repealed. Approved July 4, 1894.

MAINE.

CAPITAL, AUGUSTA.

Population of State, 661,086.

(Census of 1890.)

Males.....	332,590	Native.....	582,125
Females....	328,496	Foreign.....	78,961
White.....	659,263	Chinese....	74
Colored....	1,190	Indians.....	559

Number of Physicians, 1,164.

The State of Maine is located in the extreme northeastern portion of the United States, and extends from 43 degree 5 minutes to 47 degrees 30 minutes north latitude, and from 66 degree 50 minutes to 71 degrees west longitude. It is bounded on the north by Canada, on the south by the Atlantic Ocean, on the east by New Brunswick, and on the west by New Hampshire, and comprises an area of 35,000 square miles or 22,400,000 acres. The western portion of the State is mountainous, the range being part of the Appalachian system.

Maine is well supplied with lakes and rivers, the principal rivers being the Androscoggin, Kennebec, Penobscot, Grand, St. John and Saco, besides which there are a vast number of smaller streams which irrigate and drain every portion of the State.

The climate is healthful, and the winters, although long and severe, are unmarked by injurious variations, while the summers are pleasant. The mean annual temperature at Portland is 43.00 degrees, that of summer 63.73 degrees, and of the winter 21.69 degrees. These figures are the result of observations extending over a period of 37 years. The average annual rainfall is about 44.50 inches.

The following table shows the increase in population for 70 years:

1820.....	298,269	1860.. ..	628,279
1830.....	399,455	1870....	626,915
1840....	501,719	1880....	648,936
1850.....	583,169	1890....	661,086

There are some medicinal springs in the State.

The medical colleges in the State are the Medical School of Maine, at Bowdoin College, at Brunswick, and the Portland School for Medical Instruction, at Portland.

Rate of mortality in Maine, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1000.	White.	Colored	Rate per 1,000 White.	Rate per 1,000 Colored.
661,086	10,044	15.19	10,010	34	15.18	18.65

Total number of deaths from consumption during 1890 was 1,477, which was at the rate of 2.23 per 1,000 population, or 147.05 per 1,000 of total deaths.

For list of Medical Colleges see page 101.

MEDICAL LAWS OF MAINE.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY.

Chapter 170, Laws of 1895.

Be it enacted by the Senate and House of Representatives in Legislature assembled, as follows:

Section 1. The governor, with the advice and consent of the council, shall appoint six persons, residents in this State, who shall be graduates of a legally chartered medical college or university having the power to confer degrees in medicine, and who shall have been actively employed in the practice of their profession for a period of five years, who shall constitute a board of registration of medicine. Such persons shall be appointed and hold office for terms of two, four and six years respectively, beginning with the first day of July in the present year, and until their successors are appointed, and thereafter the governor, with the advice and consent of the council, shall appoint, on or before the first day of July every other year, two persons qualified as aforesaid, to hold office for six years from the last-named day. No member of said board shall belong to the faculty of any medical college or university. Vacancies in said board shall be filled in accordance with the provisions of this act for the establishment of the original board, and the person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. Any member of said board may be removed from office for cause by the governor, with the advice and consent of the council, and not more than two members of said board shall at one time be members of any one chartered state medical society.

Sec. 2. The members of said board shall meet on the second Tuesday of next July, at such time and place as they may determine, and shall immediately proceed to organize by electing a chairman and secretary, who shall hold their respective offices for the term of two years. The secretary shall give to the state treasurer a bond in the penal sum of one thousand dollars, with sufficient sureties, to be approved by the governor and council, for the faithful discharge of the duties of his office. The said board shall hold regular meetings, one in March, one in July and one in November of each year, and such additional meetings at such times and places as it may determine. Said board shall cause a seal to be engraved and shall keep correct records of all its proceedings, and is hereby authorized to make such minor rules and regulations as shall be deemed necessary for the successful enforcement of this act.

Sec. 3. It shall be the duty of said board immediately upon its organization, to notify all persons practicing medicine or surgery for gain or hire as a livelihood in this State, of the provisions of this act, by publication in one or more newspapers in each county, and every such person who is a graduate of a legally chartered medical college or university having power to confer degrees in medicine, and every person who has been a practitioner of medicine and surgery in this State for a period of three years next prior to the passage hereof, shall upon exhibition of satisfactory proof thereof to said board, and upon the payment of a fee of two dollars, be entitled to registration, and said board shall issue to him a certificate signed by the chairman and secretary, and sealed, and said certificate shall state the facts and the cause of said registration, and must be publicly displayed at the person's principal place of business as long as said person continues such practice for gain or hire.

Sec. 4. Any person not entitled to registration as aforesaid shall, upon

the payment of a fee of ten dollars, be entitled to examination, and if found qualified by a majority of the members of the board present, shall be registered as a physician or surgeon, and shall receive a certificate thereof as provided in section three. Any person refused registration may be re-examined at any regular meeting of said board, within two years of the time of such refusal, without additional fee, and thereafter may be examined as often as he may desire upon the payment of a fee of ten dollars for each examination. Said board, after a conviction before a proper court, for crime in the course of professional business, and after hearing, may by unanimous vote revoke any certificate issued by them and cancel the registration of the person to whom the same was issued. Said board has also power to suspend or revoke any certificate by unanimous vote, in any case where same certificate has been wrongfully obtained or any fraud connected with the said registration. All fees received by the board under this act shall be paid by the secretary thereof into the treasury of the State once in each month.

Sec. 5. The compensation, incidental and traveling expenses of the board shall be paid from the treasury of the State. The compensation of members of the board shall be five dollars each for every day actually spent in the discharge of their duties, and five cents per mile each way for necessary traveling expenses in attending the meetings of the board, but in no case shall any more be paid than has actually been expended. The secretary shall be allowed extra compensation for books, stationery, postage and other necessary expenses actually incurred. Such compensation and the incidentals and traveling expenses shall be approved by the board and sent to the auditor of the State, who shall certify to the governor and council the amount due, as in case of other bills and accounts approved by him under the provisions of law; provided, that the amounts so paid shall not exceed the amount received by the treasurer of the State from the board in fees as herein specified, and so much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of the board as aforesaid.

Sec. 6. The board shall keep a record of the names and residences of all persons registered hereunder and a record of all moneys received and disbursed by said board, and said records or duplicates thereof shall always be opened to inspection in the office of the secretary of state during regular office hours. Said board shall annually report to the governor, on or before the first day of January in each year, the report to contain a full and complete account of all its official acts during the year, also a statement of receipts and disbursements of the board and such comments or suggestions as may be deemed essential.

Sec. 7. It shall be the duty of the board, its members or agents to investigate all complaints regarding non-compliance with or violation of the provisions of this act, and to bring all such cases to the notice of the proper prosecuting officers.

Sec. 8. On and after the first day of January, in the year eighteen hundred and ninety-six, the board shall examine all applicants for registration as licensed physicians or surgeons. Each applicant must give satisfactory proof of being twenty-one years of age and of having good moral character, and possessing a reasonable amount of average knowledge in the branches of science he desires to practice in, and must pay the fees herein provided. Examinations shall be, in whole or in part, in writing, and shall be of an elementary and practical character. They shall embrace the general subjects of anatomy, physiology, pathology, materia medica, therapeutics, surgery, the principles and practice of medicine, obstetrics, or such branches thereof as the board may deem necessary for the applicant to possess.

Sec. 9. On and after the first day of January, eighteen hundred and ninety-six, it shall be illegal for any person not duly registered by this board to practice medicine or surgery, or any branch thereof, for gain or hire within this State. Whoever, not being registered as aforesaid, shall so practice or shall advertise or hold himself out to the public as a physician or surgeon in this State, who appends to his name the letters "M. D." or who uses the title of a doctor or physician, meaning thereby a doctor of medicine, shall be punished by a fine of not less than one hundred nor more than five hundred dollars for each offense, or by imprisonment in jail for three months, or both.

Sec. 10. This act shall not apply to the commissioned officers of the United States army, navy or marine hospital service, or to a physician or surgeon who is called from another State to treat a particular case, and who does not otherwise practice in this State, nor to prohibit gratuitous service or the rendering of assistance in emergency cases, nor to medical students who prescribe or operate under the direction of some registered physician or physicians, nor to midwives who lay no claim to the title of physician or doctor.

Sec. 11. Neither shall this act apply to clairvoyants or to persons practicing hypnotism, magnetic healing, mind cure, massage, Christian science,

so called, or any other method of healing, if no poisonous or dangerous drugs are employed nor surgical operations performed; provided, such persons do not violate any of the provisions of section nine of this act in relation to the use of "M. D." or the title of doctor or physician.

Sec. 12. For the purpose of the appointment of said board, and of registration of persons by it hereunder, this act shall take effect upon its passage, and shall take full effect on the first day of January, in the year eighteen hundred and ninety-six.

Approved March 27, 1895.

Maryland is bounded on the north by Pennsylvania, on the south and west by Virginia, West Virginia and the District of Columbia, and on the east by the Atlantic Ocean and Delaware. It is one of the thirteen original States, and extends from 37 degrees 43 minutes to 39 degrees and 45 minutes north latitude, and from 75 degrees 10 minutes to 79 degrees 30 minutes west longitude, and comprises an area of 11,124 square miles, or 7,119,360 acres. The State is divided throughout almost its entire length into two unequal parts by the Chesapeake Bay. The surface of the eastern shore is mostly level, and is in parts swampy, but towards the north it is hilly and broken; the northwest is mountainous, being traversed by six ranges of the Alleghanies. The principal rivers of Maryland are the Susquehanna, Potomac, Pokomoke, Wicomico, Nanticoke, Choptank, Gunpowder, and Patapsco. The climate is mild and healthful, being tempered by the proximity of the ocean. The mean annual temperature, as observed at Baltimore, is 54.91 degrees—that of the summer 75.08 degrees and of the winter 34.50 degrees. The average annual rainfall is about 41 inches.

The following table shows the increase in population for 70 years:

1820.....	407,350	1860.	687,049
1830.....	447,040	1870.	780,894
1840 ...	470,019	1880..	934,943
1850.....	583,034	1890.	1,042,390

The following is a list of the medical colleges in the State: School of Medicine of the University of Maryland, Baltimore; College of Physicians and Surgeons, Baltimore; Baltimore Medical College, Baltimore; Women's Medical College of Baltimore, Baltimore; Baltimore University School of Medicine, Baltimore; a preliminary college and post-graduate course known as the Johns Hopkins University Medical Department, Baltimore; Southern Homoeopathic Medical College, Baltimore.

Rate of mortality in Maryland, as computed from the U. S. census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,042,390	18,000	17.27	13 579	4,421	16.42	20.48

Total number of deaths from consumption during 1890 was 2,315, which was at the rate of 2.22 per 1,000 of population, or 128.61 per 1,000 of total deaths.

For list of Medical Colleges, see page 101.

Was established for the treatment of cases of mental disease, selected cases of alcoholic and opium habitues, and the various cases of nervous diseases requiring removal from the environments of home. It is also an ideal place for recuperation from exhaustion due to overwork. It is situated on one of the highest elevations in Baltimore County, five hundred feet above the sea level, and overlooks the prosperous village of Catonsville, one of the most popular suburbs of Baltimore. The buildings are situated away from the main roads and the Home is quiet and secluded, yet, at the same time, easily accessible.

THE RATES are moderate and will be quoted by the Medical Director receiving a short outline of the nature of any proposed case.

—THE— Johns Hopkins Hospital BALTIMORE, MD.

THE JOHNS HOPKINS HOSPITAL, founded by the liberality of Johns Hopkins, a merchant of Baltimore, is a large, general hospital, built in pavilions, for the treatment of acute diseases. It is divided into Medical, Surgical and Gynecological Departments, each under the direction of the Physician-in-Chief, the Surgeon-in-Chief and the Gynecologist-in-Chief to the Hospital, respectively.

The Hospital receives the following classes of patients:

1. The sick poor of **Baltimore and its suburbs**, who are **treated free of charge**.
2. Casualty or accident cases from **Baltimore or the State of Maryland**, who are also **treated free of charge**.
3. Patients having **no residence in Baltimore**, who pay board in the **public wards at \$5 per week**.
4. Pay patients from **any portion of the United States or Canada**, who are treated in the **private wards at prices varying from \$20 to \$35 per week**.

In the private wards surgical operations and the services of an ophthalmologist, otologist, laryngologist, neurologist or dermatologist are extra, unless otherwise especially arranged for with the Superintendent. Massage and laundry charges are extra.

The Johns Hopkins Hospital publishes a Bulletin at \$1 per year, and an annual volume of Reports at \$5 per year.

MEDICAL LAWS OF MARYLAND.

1888, Art.43. Amended by 1892, ch. 296.

39. Every person not now practicing medicine and surgery who shall hereafter begin to practice medicine and surgery, in any of its departments, except dentistry, in the State of Maryland, shall possess the qualifications required by this act.

40. From and after the first Tuesday in June, eighteen hundred and ninety-two, there shall be and continue to be two separate Boards of Medical Examiners for the State of Maryland, one representing the Medical and Chirurgical Faculty of the State of Maryland, and one representing the Maryland State Homoeopathic Medical Society of the State of Maryland. Each board shall consist of seven members, and each of said members shall serve for a term of four years, or until their successors are appointed and qualified, each board to have exclusive rights to examine, pass upon the old school board to be appointed by the Medical and Chirurgical Faculty of Maryland, of which two shall be from the counties of the Eastern Shore, and

CAMPHO-PHÉNIQUE POWDER.

five from the Western Shore, of which latter members two shall be from the counties west of the Blue Ridge mountains; and said second or Homoeopathic Board to be composed of seven physicians appointed by the Maryland State Homoeopathic Medical Society, of which three shall be residents of Baltimore, and four of the State at large; the appointees shall be physicians actually engaged in the practice of medicine, and of recognized ability and honor. The term of office of each board shall commence on the first Tuesday in June, eighteen hundred and ninety-two. No member of any college or university, and no physician, having a pecuniary interest in the trade of pharmacy, shall be appointed to serve as a member of either of said boards; vacancies occurring in such for unexpired terms shall be filled by the board, in accordance with the foregoing provisions of this section, and for expired term in same manner as for first appointees.

41. That each Board of Medical Examiners shall meet within thirty days after receiving official notices of their appointment. At the first meeting of each of the boards respectively, an organization shall be effected by the election, from their own membership, of a president and secretary, for the purpose of examining applicants for license; each of said Boards of Medical Examiners shall hold one or more stated or special meetings in each year, due notice of which shall be made public, at such times and places as may be determined by the members thereof respectively; at said stated or special meetings a majority of the members of the board shall constitute a quorum thereof. Each of said Boards of Medical Examiners shall keep an official register of all applicants for examination for a license to practice medicine and surgery in this state; said register for license shall show the name, age and last place of residence of each candidate, the school from which he or she may have graduated, and whether such applicant was rejected or licensed under this act, but such matters shall not be written in said register or made public until after the examination.

42. At the first meeting of an Examining Board, or at a stated or special meeting held subsequently, suitable provisions shall be made by each of the Examining Boards to prepare a schedule of written examination upon anatomy, physiology, chemistry, surgery, practice of medicine, materia medica and therapeutics, obstetrics, gynecology, pathology, medical jurisprudence and hygiene, and shall require the same standard of excellence from all candidates. In the department of therapeutics and practice the question shall be in harmony with the tenets of the school selected by the candidate; the standard of acquirements therein to be established by each board for itself. Whenever members of any board are necessarily absent from meetings held for the examination of applicants for license, suitable temporary provision shall be made for thorough examination in each and all of the aforesaid subjects by the members present. The examination shall be fundamental in character, and such as can be answered in common by all schools of practice. The votes of all the members present shall be "yes" or "no," written with their signature upon the backs of the examination papers of each candidate for the respective branches.

43. That all persons commencing the practice of medicine or surgery in any of its branches after the passage of this act by the General Assembly, shall make a written application for license to the president of either Board of Medical Examiners which said applicant may elect, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common school education, and has either received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college in the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country, and has also both studied medicine three years and attended three courses of lectures in different years in some legally incorporated medical college or colleges prior to the granting of said diploma or foreign license; provided that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not satisfy the above requirements; provided that this condition shall not apply to students who shall be in their second year in a medical college, nor physicians who shall be practicing medicine at the time of the passage of this act. Such proof shall be made, if required, upon affidavit, upon the making of said application and proof and payment of fee as provided, the president of the board to whom such application was made, if satisfied with the same, shall direct the secretary thereof to issue to said applicant an order for examination, and when said applicant shall have passed an examination as to proficiency satisfactory to said board, the president shall grant to such applicant a license to practice medicine and surgery in the State of Maryland.

44. That all examinations shall be conducted in such manner that the name, school of graduation and preparatory training of said applicant shall not be made known to the Board of Examiners until his examination papers have been graded. An applicant receiving a majority of the votes of the board before whom the applicant appears, shall be considered to have passed a satisfactory examination and entitled to the license of said board.

45. That a fee of ten dollars shall be paid to the secretary of the board before whom the applicant appears, before such examination is had, which said fee shall be applied by said board towards paying the expenses of said board.

46. That the board shall refuse to grant a license to any applicant who may be radically deficient in his examination in any essential branch; provided, that in case of failure at any such examination the candidate, after the expiration of one year from his rejection, shall have the privilege of another examination by the board to which application was first made.

ACTS OF 1894, CH. 217.

AN ACT to repeal and re-enact Section forty-seven of Article forty-three of the Code of Public General Laws, entitled "Health," sub-title "Practitioners of Medicine," and to add additional sections thereto, to be designated as Sections 53, 54, 55, 56, 57, 58, 59 and 60 of said Article:

Section 1. Be it enacted by the General Assembly of Maryland, That Section 47 of Article 43 of the Code of Public General Laws, title "Health," sub-title "Practitioners of Medicine," be and the same is hereby repealed and re-enacted, and that new sections be added to said article, to be designated as Sections 53, 54, 55, 56, 57, 58, 59 and 60, so as to read as follows:

47. That every license to practice medicine and surgery, issued pursuant to the provisions of this act, shall be subscribed by the president and secretary of the board before whom the applicant has passed. It shall also have affixed to it by the person authorized to affix the same, the seal of said Medical and Chirurgical Faculty of Maryland, or of the Maryland State Homoeopathic Medical Society, as the license may require, every such license to be in the following form, and to the following effect:

To All Whom it May Concern, Greeting:

Be it known, that _____, on the _____ day of _____ A. D., having offered us satisfactory proof that _____ was more than twenty-one years of age, and had received a proper preliminary education, we therefore gave a written order for the examination of said _____ before one of the Board of Medical Examiners of the State of Maryland; that the said _____ was fully examined before our said board and found proficient and qualified to practice medicine and surgery; we, therefore, have granted to said _____ this, our license to practice medicine and surgery in the State of Maryland as a physician and surgeon, and have caused the names of the president and secretary of our Board to be subscribed and the seal of our society to be affixed thereto.

Witness our hands and seal of our said society, this _____ day of _____ A. D.

(Seal of Society.)

President.
Secretary.

48. Any person receiving a license from either of _____ said boards shall file the same, or a certified copy thereof, with the clerk of the Circuit Court of the county or city in which he or she may practice; and it shall be the duty of said clerk to register the name of such person, and the president of the board signing the same in a book kept for the purpose, as a part of the records of his office; and the number of the book and the page therein containing said recorded copy shall be noted in the body of the license. Said records shall be open to public inspection, under proper restrictions as to their safe keeping, and in all legal proceedings shall have the same weight as evidence that is given to the record of the conveyances of land; the fee for each registration shall be one dollar, to be paid by the person whose license is registered.

49. This act shall not apply to commissioned surgeons of the United States army, navy or marine hospital service, to physicians or surgeons in actual consultation from other States, or to persons temporarily practicing under the supervision of an actual medical preceptor.

50. Any person to whom the provisions of this act apply, practicing or attempting to practice medicine or surgery in the State, without first having obtained the license of one of said Boards of Medical Examiners, shall be guilty of a misdemeanor, and shall pay a fine of not less than fifty dollars, nor more than two hundred dollars for each offense, or in default of payment shall be confined in the city or county jail until the fines and costs are paid, and shall be debarred from recovering compensation for services rendered as such physician or surgeon.

51. The provisions of this act shall not apply to any midwife, or person who may render gratuitous services in case of emergency.

52. It is provided that said board shall make a written report to the Medical and Chirurgical Faculty of Maryland and to the Maryland State Homoeopathic Medical Society every two years.

53. From and after the first day of July, 1894, no person shall practice medicine or surgery in the State of Maryland, unless he or she shall be duly registered as a physician or surgeon, in accordance with the provisions of this Act.

54. Every person who was practicing medicine in the State of Maryland, on or before the first day of June, 1892, shall be entitled to be registered as physician or surgeon, or both, upon application to the clerk of the Circuit

Court of the county in which he or she may reside, or to the clerk of the Circuit Court of Baltimore City, if the applicant shall reside in Baltimore City, and such application shall be in writing, signed by the applicant, who shall state, under oath, that he or she was in fact a practitioner of medicine or surgery, in the State of Maryland, on or before the first day of June, 1892, and thereupon it shall be the duty of said clerk to register such application and the name of such applicant, as physician or surgeon, or both, in a book to be kept for such purpose, and a certified copy of such entry of registration, under the seal of the court, shall be legal evidence of such registration in all the courts of the State.

55. All persons who have commenced to practice medicine or surgery in the State of Maryland since the first day of June, 1892, or who shall hereafter commence to practice medicine or surgery in this State, shall not be entitled to be registered in the Registry of Physicians and Surgeons, as required by law, except upon filing with the clerk of the Circuit Court of the county or city in which he or she shall reside, a license from one of the duly constituted Boards of Medical Examiners of this State, in accordance with the terms of Sections 47 and 48 of this Article, except that physicians and surgeons who have come into this State since said first day of June, 1892, or who shall hereafter come into this State to follow the practice of medicine and surgery, may receive a license which shall entitle them to be registered as physicians and surgeons, in accordance with law, upon application to one of the duly constituted Boards of Medical Examiners, in accordance with the provisions of Section 56 of this act.

56. Physicians and surgeons of good moral and professional standing, who have come into this State, with intent to follow the practice of medicine and surgery within this State, since the first day of June, 1892, or who shall hereafter come into this State, being graduates of a medical college or university of good standing, and who have been practitioners of medicine and surgery for more than ten years prior to the date of the application, may make application to the president of one of the Boards of Medical Examiners of this State, which application shall be under oath and shall state where and how long said applicant has been engaged in the practice of medicine and surgery, and from what medical college, university or other institution of learning he or she has graduated; and thereupon the said Board of Medical Examiners shall have the authority and discretion to require said applicant to undergo an examination, in accordance with the provisions of Sections 41 to 47 inclusive of this article, or may require said applicant to submit to a special examination, the terms and methods of which shall be prescribed by the said Board of Medical Examiners; and upon paying the fee for examination, as set out in Section 45 of this article, after the examination and determination of said board thereupon that said applicant is qualified to practice medicine and surgery, and that he is entitled to a license, a license shall be issued to him to the same effect as the form of license set out in Section 47 of this article; which license shall then be filed and recorded as provided by Section 47 of this article, and it shall then be the duty of the clerk of the court to register the name of the person so licensed as physician or surgeon, or both, in accordance with the provisions of this Act.

57. All persons whose licenses have been heretofore filed and recorded in accordance with Section 48 of this article shall be held to be duly registered physicians and surgeons within the provisions of Section 53 of this article, and all persons who shall hereafter receive and file licenses to be recorded in accordance with said Section 48, shall be registered as physicians and surgeons, under said section, and the fee to be paid for such registration and for the registration of the application to the clerk, or the license therewith, as the case may require, shall be one dollar.

58. If any person shall unlawfully obtain and procure himself to be registered as physician or surgeon, either by false and untrue statement contained in his application to the clerk of this court, as required by this article, or by presenting to said clerk a false or untrue license, or one fraudulently obtained by false and fraudulent statements made to one of said boards of medical examiners, he or she shall be deemed guilty of a misdemeanor, and shall be fined not less than fifty dollars or more than five hundred dollars, and shall forfeit all rights and immunities obtained or conferred upon him by virtue of such registration, as physician or surgeon.

59. Any person who after the first day of July, 1894, shall practice or attempt to practice medicine or surgery in this State without being registered in accordance with the provisions of this Act, shall be guilty of a misdemeanor, and shall be fined not less than ten dollars nor more than two hundred dollars for each offence.

60. The provisions of this Act shall not apply to any midwife or person who may render gratuitous services in case of emergency.

Sec. 2. And be it enacted, That this Act shall take effect from the date of its passage.

Approved April 6, 1894.

THE JOHNS HOPKINS UNIVERSITY,

MEDICAL DEPARTMENT.

The Medical Department is an integral part of The Johns Hopkins University and in close affiliation with the Johns Hopkins Hospital.

CONDITIONS OF ADMISSION.

As candidates for the degree of Doctor of Medicine the school receives only graduates of approved colleges or scientific schools who can furnish evidence that they have a good reading knowledge of French and German and that they have such knowledge of physics, chemistry and biology as is imparted by the regular minor courses given in these subjects in the Johns Hopkins University. The phrase "a minor course" means a collegiate course that requires a year for its completion. In physics, four class-room exercises and three hours a week in the laboratory; in chemistry and biology four class-room exercises and five hours a week in the laboratory in each subject are required.

GENERAL PLAN OF INSTRUCTION.

The course of instruction occupies four years. The academic year begins October 1st and closes the middle of June, with short recesses at Christmas and Easter. Anatomy, including dissections, normal histology and embryology, physiology, and physiological chemistry are the principal studies of the first year. The study of anatomy and of physiology is continued in the second year, and, in addition, general pathology, pathological anatomy, bacteriology and pharmacology are studied. During the third year the general principles of medicine, surgery and obstetrics are studied and clinical instruction in medicine and surgery and courses in the clinical laboratories are given. During the fourth year the practical study of these subjects is continued in combination with work in the wards of the Johns Hopkins Hospital, and the various special branches of practical medicine and surgery, such as gynecology, ophthalmology, laryngology, dermatology, neurology, paediatrics are taught. Instruction in hygiene, psychiatry, legal medicine and medical history is provided during the course. Abundant clinical material is afforded by the Johns Hopkins Hospital and Dispensary. Practical work in the dissecting room, in the laboratory and at the bedside, demonstrations, clinics, recitations and lectures form the most prominent features of the methods of instruction. Especial emphasis is laid upon the practical work in the various laboratories and in the Dispensary and Hospital.

SPECIAL COURSES FOR GRADUATES IN MEDICINE.

For those who have taken a medical degree and who give evidence that they are prepared to profit by the opportunities, special courses are provided in Pathology, Bacteriology, Clinical Microscopy, Medicine, Surgery, Gynecology and the various special branches of medicine and surgery.

CHARGES FOR TUITION.

The charges for tuition for candidates for the degree of Doctor of Medicine is \$200.00 per annum, payable in semi-annual instalments, October 1 and February 1. There are no extra charges for matriculation or for the laboratory courses. The fees for the special courses for graduates in medicine are \$100.00 for all of the clinical courses, or \$50.00 for a single clinical course. An additional fee of \$25.00 is charged for a laboratory course in pathology and clinical microscopy, \$25.00 for bacteriology and \$25.00 for advanced and special work in Pathological Laboratory.

The annual announcement of the Medical Department and the announcement of Special Courses for graduates in Medicine will be sent upon application to the

Registrar of the Johns Hopkins University,
BALTIMORE, MD.

/ The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

MASSACHUSETTS.

CAPITAL, BOSTON.

Population of State, 2,238,943.
(Census of 1890.)

Males1,087,709	Native	1,581,806
Females .	.1,151,234	Foreign	657,137
White .	.2,215,373	Chinese	1,002
Colored	22,144	Indians	424

Number of Physicians, 4,032.

The State of Massachusetts, which was included in the original thirteen, extends from 41 degrees 15 minutes to 42 degrees 55 minutes north latitude and from 69 degrees 56 minutes to 73 degrees 31 minutes west longitude, and comprises an area of 7,800 square miles, or 4,992,000 acres. It is bounded on the north by Vermont and New Hampshire, on the east by the Atlantic Ocean, on the south by Rhode Island and Connecticut, and on the west by the State of New York. The surface is greatly diversified, the western portion being mountainous, the southeastern low and sandy. None of the rivers of Massachusetts are navigable, but many of them afford excellent water power. The principal ones are the Connecticut, which traverses the western portion of the State from north to south; the Housatonic, Merrimac, Blackstone, Taunton, Charles and Mystic.

The climate is cool and salubrious, the winters being severe and long and the summers warm but short. The mean annual temperature as observed at New Bedford during a period of 58 years is 48.56 degrees; that of the summer 66.95 degrees, and of the winter 30.21 degrees. The average annual rainfall is about 45 inches.

The following table shows increase in population for 70 years:

1820.	523,159	1860.....	1,231,066
1830.....	610,408	1870.....	1,457,351
1840.....	737,699	1880... ..	1,783,085
1850.....	994,514	1890... ..	2,238,943

The medical colleges of Massachusetts are the Harvard University Medical School, Boston; Boston University School of Medicine (Homo), Boston; the College of Physicians and Surgeons, Boston; the Medical Department of Clark University at Worcester; and Tufts College Medical School, Boston.

Rate of mortality in Massachusetts as computed from the United States Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
2 238,943	45,112	20.15	44,482	630	20.08	26.73

Total number of deaths from consumption during 1890 was 5,981, which was at the rate of 2.67 per 1,000 of population, or 132.58 per 1,000 of total deaths.

MEDICAL LAWS OF MASSACHUSETTS.

AN ACT TO PROVIDE FOR THE REGISTRATION OF PHYSICIANS AND SURGEONS.

(Chapter 458, Acts of 1894.)

Be it enacted, etc., as follows:

Section 1. The governor, with the advice and consent of the council, shall appoint seven persons, residents of this commonwealth, who shall be graduates of a legally chartered medical college or university having the power to confer degrees in medicine, and who shall have been actively employed in the practice of their profession for a period of ten years, who shall constitute a board of registration in medicine. Such persons shall be appointed and hold office for terms of one, two, three, four, five, six and seven years, respectively, beginning with the first day of July in the present year, and until their respective successors are appointed, and thereafter the governor,

with the advice and consent of the council, shall appoint, before the first day of July in each year, one person qualified as aforesaid, to hold office for seven years from the first day of July next ensuing. No member of said board shall belong to the faculty of any medical college or university. Vacancies in said board shall be filled in accordance with the provisions of this act for the establishment of the original board, and the person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. Any member of said board may be removed from office for cause by the governor, with the advice and consent of the executive council, and not more than three members of said board shall at one time be members of any one chartered State medical society.

Sec. 2. The members of said board shall meet on the second Tuesday of July next, at such time and place as they may determine, and shall immediately proceed to organize by electing a chairman and secretary, who shall hold their respective offices for the term of one year. The secretary shall give to the treasurer and receiver general of the commonwealth a bond in the penal sum of five thousand dollars, with sufficient sureties, to be approved by the governor and council, for the faithful discharge of the duties of his office. The said board shall hold three regular meetings in each year, one on the second Tuesday of March, one on the second Tuesday of July, and one on the second Tuesday of November, and such additional meetings at such times and places as it may determine.

Sec. 3. It shall be the duty of said board immediately upon its organization to notify all persons practicing medicine in this commonwealth of the provisions of this act, by publication in one or more newspapers in each county, and every such person who is a graduate of a legally chartered medical college or university having power to confer degrees in medicine, and every person who has been a practitioner of medicine in this commonwealth continuously for a period of three years next prior to the passage hereof, shall upon the payment of a fee of one dollar be entitled to registration, and said board shall issue to him a certificate thereof signed by the chairman and secretary.

Sec. 4. Any person not entitled to registration as aforesaid shall, upon payment of a fee of ten dollars, be entitled to examination, and if found qualified by four or more members of said board shall be registered as a qualified physician, and shall receive a certificate thereof as provided in section three. Any person refused registration may be re-examined at any regular meeting of said board, within two years of the time of such refusal, without additional fee, and thereafter he may be examined as often as he may desire, upon the payment of the fee of ten dollars for each examination. Said board after a conviction before a proper court, for crime in the course of professional business has been shown, and after hearing, may by unanimous vote revoke any certificate issued by them and cancel the registration of the person to whom the same was issued. All fees received by the board under this act shall be paid by the secretary thereof into the treasury of the commonwealth once in each month.

Sec. 5. The compensation, incidental and traveling expenses of the board shall be paid from the treasury of the commonwealth. The compensation of members of the board shall be ten dollars each for every day actually spent in the discharge of their duties, and three cents per mile each way for necessary traveling expenses in attending the meetings of the board, but in no case shall any more be paid than was actually expended. Such compensation and the incidental and traveling expenses shall be approved by the board and sent to the auditor of the commonwealth, who shall certify to the governor and council the amounts due as in case of other bills and accounts approved by him under the provisions of the law; provided, that the amounts so paid shall not exceed the amount received by the treasurer and receiver general of the commonwealth from the board in fees as herein specified, and so much of said receipts as may be necessary is hereby appropriated for the compensation and expenses of the board as aforesaid.

Sec. 6. The board shall keep a record of the names of all persons registered hereunder, and a record of all moneys received and disbursed by said board, and said records or duplicates thereof shall always be open to inspection in the office of the secretary of the commonwealth. Said board shall annually report to the governor, on or before the first day of January in each year, the condition of medicine and surgery in this commonwealth, which report shall contain a full and complete record of all its official acts during the year, and shall also contain a statement of the receipts and disbursements of the board.

Sec. 7. It shall be the duty of the board to investigate all complaints of disregard, non-compliance or violation of the provisions of this act, and to bring all such cases to the notice of the proper prosecuting officers.

Sec. 8. On and after the first day of January, in the year eighteen hundred and ninety-five, the board shall examine all applicants for registration as licensed physicians or surgeons. Applicants must give satisfactory proof of

being twenty-one years of age and of good moral character; and every applicant who is a graduate of and has received a degree of doctor of medicine from a legally chartered medical college or university having power to confer degrees in medicine in this commonwealth, shall be entitled prima facie to be registered under this act, upon the payment of the fees herein provided.

Sec. 9. Examinations shall be, in whole or in part, in writing, and shall be of an elementary and practical character. They shall embrace the general subjects of surgery, physiology, pathology, obstetrics and practice of medicine, and shall be sufficiently strict to test the qualifications of the candidate as a practitioner of medicine.

Sec. 10. Whoever not being registered as aforesaid, shall advertise or hold himself out to the public as a physician or surgeon in this commonwealth, or appends to his name the letters "M. D.," or uses the title of doctor, meaning thereby a doctor of medicine, shall be punished by a fine of not less than one hundred nor more than five hundred dollars for each offense, or by imprisonment in jail for three months, or both.

Sec. 11. This act shall not apply to commissioned officers of the United States army, navy or marine hospital service, or to a physician or surgeon who is called from another State to treat a particular case, and who does not otherwise practice in this State, or to prohibit gratuitous services; nor to clairvoyants, or to persons practicing hypnotism, magnetic healing, mind cure, massage methods, Christian science, cosmopathic or any other method of healing; provided, such persons do not violate any of the provisions of section ten of this act.

Sec. 12. For the purposes of the appointment of said board, and of registration of persons by it hereunder, this act shall take effect upon its passage, and shall take full effect on the first day of January, in the year eighteen hundred and ninety-five.

Approved June 7, 1894.

The postoffice address is shown in **Display Type**, the name of county in which it is locate, immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

SALICYLATE SODIUM. — TRUE.

The Wm. S. Merrell Chemical Co.,
Cincinnati, Sole Manufacturers.

IN POWDER and TABLET FORM.

The distressing gastric disturbance so characteristic of the commercial salicylic acid and its sodium salt will be almost entirely avoided by the use of the preparation in this form, while its convenience will be appreciated by physician and patient alike. Printed matter on application.

/ The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

(The State Census, 1894, gave a total population of 2,241,454.)

Michigan consists of two irregular peninsulas known as the Upper and Lower Peninsulas: the former is bounded on the north by Lake Superior, on the south by Lakes Michigan and Huron, on the southwest by Wisconsin, and on the east by the St. Mary's river, which separates it from Ontario; the latter or Lower Peninsula is bounded on the north-west and west by Lake Michigan, on the northeast by Lake Huron, and on the south by Indiana and Ohio, and on the east by Lake Huron, the St. Clair river, Lake St. Clair, the Detroit river and Lake Erie.

The State extends from 41° 30' to 47° 31' north latitude, and from 82° 24' to 90° 33' west longitude, and comprises an area of 56,451 square miles, or 36,128,640 acres. The principal rivers of the north are the Montreal, Presque Isle, Ontonagon, Menominee and Escanaba, and of the south, Saginaw, Manistee, Pere Marquette, Kalamazoo, Clinton, Muskegon, Huron, Cheboygan, Thunder Bay, etc., etc. The climate is mild, but the temperature varies considerably, the mean annual temperature as observed at Fort Mackinac being 41.02°, and at Detroit 47.25°. The average annual rainfall varies from 23 inches at Mackinac to 30 at Detroit.

The following table shows increase in population for 70 years:

1820	8,765	1860	749,113
1830	31,639	1870	1,184,059
1840 ..	212,267	1880	1,636,937
1850	397,654	1890	2,093,889

The Medical colleges of the State are the University of Michigan, Department of Medicine and Surgery, Ann Arbor; the Detroit College of Medicine, Detroit; the University of Michigan Homoeopathic Medical College, Ann Arbor, and the Michigan Collège of Medicine and Surgery, Detroit.

There are a number of medicinal springs in the State:

Alma Mineral Spring, Alma. A preliminary examination of the three magnetic mineral well waters are shown to consist of as found on next page, and used at Alma Sanitarium.

MEDICAL LAWS OF MICHIGAN.

AN ACT To Promote Public Health.

Section 1. The People of the State of Michigan enact, That from and after this act shall take effect, it shall not be lawful for any person to prac-

tice medicine or surgery, or any branch thereof (except dentistry), in this State, without having the qualifications required in the provisions of this act, and without having first registered in the office of the county clerk, as provided in this act.

2. The necessary qualifications to practice medicine in this State shall be—

First—That every person who shall have actually practiced medicine continuously for at least five years in this State, and who is practicing when this act shall take effect, shall be deemed qualified to practice medicine in this State, after having registered in the office of the county clerk, as provided by this act.

Second—Every graduate of any legally-authorized medical college in this State, or in any one of the United States, or in any other country, shall be deemed qualified to practice medicine and surgery in all its departments, after having registered as provided in this act: Provided, that the provisions of this act shall not be construed so as to prohibit any student or under graduate from practicing with and under the instruction of any person legally qualified to practice medicine and surgery under and by the provisions of this act. Provided, that every person qualified to practice medicine and surgery under the provisions of this act shall, within three months after this act shall take effect, file with the county clerk of the county wherein he has been engaged in practice, or in which he intends to practice, a statement sworn to before any officer authorized to administer oaths in said county, setting forth, first if he is actually engaged in practice in said county, the length of time he has been engaged in such continuous practice, and if a graduate of any medical college, the name of the same and where located, when he graduated and the length of time he attended the same, also the school of medicine to which he belongs, and if he is a student or undergraduate, the length of time he has been engaged in the study of medicine, and where; and if he has attended a medical college, the name of the same and where located, and the length of time so attended and when, also the name and residence of the physician under whose instruction he is practicing or intends to practice. It shall be the duty of the county clerk of each county in this State to record, in a book to be provided by the county, the affidavit (or sworn statement) of every physician practicing in said county. For recording such statement, the county clerk shall receive fifty cents, to be paid by the person filing the same.

3. It shall be the duty of the supervisor, at the time of making the annual assessment in each year, to make out a list of all the physicians, and each student practicing under the instruction of a preceptor residing within his township, village, ward or city, with the name, age, sex and color of each, and the length of time each has been engaged in practice, and if a graduate of a regularly established and reputable college, the name of the college and the date of graduation. Such list shall be returned by the supervisor to the township, village or city clerk, and by the clerk recorded in the book in which are kept the records of the local board of health.—As amended by Act 268, Laws of 1887.

4. No person who practices medicine, surgery or midwifery in any of their branches (except dentistry) shall be able, in any of the courts of the State, to collect pay for professional services rendered subsequent to the time that this act shall take effect, unless he was, at the time such professional services were rendered, duly qualified and registered as a medical practitioner according to the several provisions of this act.

5. The supervisor, township, village or city clerk is hereby authorized to administer the oaths required by this act.

6. Whoever advertises or holds himself out to the public as authorized to practice medicine or surgery in this State, when in fact he is not authorized under the provisions of this act, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be liable to a fine of not less than five dollars nor more than fifty dollars for each offense.

7. It shall be the duty of the supervisor and the health officer of the local board of health in each township, village, ward or city to enforce this act.

This act shall take effect September 7, 1883.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

THE WIGGINS' SANITARIUM

ST. JOHNS, MICH.

FOR THE TREATMENT OF

Kidney, Bladder and Nervous Diseases.

DR. ANDREW J. WIGGINS, the attending physician, has had 40 years of experience and is a graduate of Geneva College, of New York.

We cure Diabetes Mellitus (Sugar Diabetes) Diabetes Insipidus, also Bright's Disease of the Kidneys, if we have the case before the Kidneys are broken down. Our treatment is a specific for Nervous prostration. We also treat Consumption in all its forms with remarkable success. We use the Edison treatment for Consumption, which is the latest treatment used and has a record of curing from 50 to 60 per cent. of all the cases taken. In our treatment of Diabetes, we have not had a failure in eight years nor a return of the disease. As we depend upon Physicians for our patients it is necessary that we assure them of the infallibility of the treatment. As a guarantee we will make a contract with patients, if they so desire, to take them to our Sanitarium, give them room, board and treatment until they are positively cured, or no pay; that is to say, we will deposit contract and amount of money agreed upon and if they are not cured in a specified time, as agreed upon in the contract, they may draw their money and get their room, board and treatment free. If one or two reputable Physicians agreed upon shall decide that they have no traces of sugar in the urine, then we draw the money. Of course, we should charge more with such a guarantee than we should with ordinary treatment, as we have to take the responsibility of complications or other diseases that might attack the patient during treatment. The legitimate cost of treating cases of Diabetes Mellitus will vary from \$35 to \$100. This does not include the guarantee. The price of warranting a case would be what we should agree upon. We have cases from six years up to seventy years of age that have been successfully treated and cured. We employ no drugs in our treatment, but use a combination of gases by inhalation. The Sanitarium is equipped with all the modern applications for chronic diseases. Correspondence solicited.

In treating Consumption the patient will not necessarily have to remain at the Sanitarium more than one month, after which they can have home treatment. The treatment consists in destroying germ infection. The treatment is used hypodermically; that is, by injecting under the skin.

TREATMENT FOR NERVOUS PROSTRATION—Our treatment for Nervous prostration is positive and good results immediately follow treatment. Those cases only require from four to six weeks treatment. The Doctor has made a special study of nervous and wasting disease for a good many years.

Minnesota extends from 43 degrees 30 minutes to 49 degrees north latitude, and from 89 degrees 29 minutes to 97 degrees 5 minutes west longitude, and comprises an area of 83,531 square miles, or 53,459,840 acres. It is bounded on the north by the British possessions, from which it is partly separated by Rainy Lake and the river of the same name; on the east by Wisconsin and Lake Superior, on the south by Iowa, and on the west by Dakota. The principal rivers of Minnesota are the Mississippi, the St. Croix, the Minnesota, the Red River of the North, and the St. Louis, all of which are navigable, and which, with their numerous tributaries, irrigate and drain every portion of the State. The climate is salubrious and invigorating, the summers are cool and pleasant, and although the winters are severe, the atmosphere is so dry and clear that the extreme cold is hardly noticeable.

The following table shows the increase in population for 40 years:

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

Be it enacted by the Legislature of the State of Minnesota:

Section 1. The governor of this state shall appoint a board of examiners, to be known as the State Board of Medical Examiners, consisting of nine (9) members, who shall hold their office for three (3) years after such appointment, and until their successors are appointed.

Provided, That the members thereof first appointed under this act shall be divided into three (3) classes, each class to consist of three (3). The first class shall hold office under said appointment for the period of one (1) year; the second class for two (2) years; and the third class for three (3) years, from the date of their appointment.

It is further provided, that no member thereof shall be appointed to serve for more than two (2) terms in succession, and no member of any college or university, having a medical department, shall be appointed to serve as member of said board, three of which shall be homoeopathic physicians.

Sec. 2. Said Board of Medical Examiners shall elect a president, secretary and treasurer; shall have a common seal. The president and secretary shall have the power to administer oaths. Said Board of Medical Examiners shall hold meetings for examination at the Capitol of this State on the first

(1) Tuesday of January, April, June and October of each year, and such other meetings as said board may from time to time appoint. Said board shall keep a record of all the proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, time spent in the study of medicine, and the name and locations of all institutions granting to such applicants degrees or certificates of lectures in medicine or surgery. Said register shall also show whether such applicant was rejected or licensed under this act. Said books and register shall be prima facie evidence of all the matters therein recorded.

Sec. 3. It shall be unlawful for any person to practice medicine in this State without a license from said board, or without having filed with the secretary of said board an affidavit setting forth the times and places in which he or she has practiced medicine within the State prior to the passage of this law. Any person in continuous practice in this State since June first (1), one thousand eight hundred and eighty-seven (1887), not licensed under the provisions of chapter one hundred and twenty-five, General Laws of eighteen hundred and eighty-three (1883), may become a licensed practitioner by submitting to the State Board of Medical Examiners of this State, a diploma from a recognized college of medicine, or by undergoing an individual examination at a regular examination prescribed by the Act now in force. The fee for such license shall be ten (\$10) dollars. All persons hereafter commencing the practice of medicine and surgery, in any of its branches in the this State, shall apply to said board for a license so to do, and such applicant, at the time and place designated by said board, or the regular meeting of said board, shall submit to an examination in the following branches, to-wit: Anatomy, Physiology, Chemistry, Histology, Materia Medica, Therapeutics, Preventive Medicine, Practice of Medicine, Surgery, Obstetrics, Diseases of Women and Children, Diseases of the Nervous System, Diseases of the Eye and Ear, Medical Jurisprudence, and such other branches as the board shall deem advisable, and present evidence of having attended three (3) full courses of lectures at a medical college, recognized by the State Board of Medical Examiners, of at least twenty-six (26) weeks each; no two (2) courses being within the same year.

Provided, That after January first (1st), eighteen hundred and ninety-nine (1899), it shall be necessary for all persons commencing the practice of medicine and surgery to submit to an examination in above mentioned branches and present evidence of having attended four (4) full courses at a medical college, recognized by the State Board of Medical Examiners, of at least twenty-six (26) weeks each; no two courses being in the same year. All examination papers on subjects requiring treatment peculiar to any school of medicine shall be examined and their sufficiency passed upon by the members of said board belonging to such school, if such there be, and their recommendation as to the proficiency of such candidate in those particular subjects shall be deemed final by said board. Said board shall cause such examination to be both scientific and practical, but of sufficient severity to test the candidate's fitness to practice medicine and surgery. When desired, said examination may be conducted in the presence of the dean of any medical school or the president of any medical society of this State. After examination said board shall grant a license to such applicant to practice medicine and surgery in the State of Minnesota; which said license can only be granted by the consent of not less than seven (7) members of said board, and which said license shall be signed by the president and secretary of said board, and attested by the seal thereof.

The fee for such examination shall be the sum of ten (\$10) dollars and shall be paid by the applicant to the treasurer of said board, toward defraying the expenses thereof; and such board may refuse or revoke a license for unprofessional, dishonorable or immoral conduct. In all cases of refusal or revocation the applicant may appeal to appointing power of said board.

Sec. 4. The person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the District Court in and for the county where he or she resides, and said clerk of the court shall file said certificate or copy thereof, and enter a memorandum thereof, giving the date of said license and name of the person to whom the same is issued, and the date of such filing, in a book to be provided and kept for that purpose; and said clerk of the court shall each year furnish to the secretary of said board a list of all certificates on file in his office, and upon notice to him of the change of location or death of a person so licensed, or of the revocation of the license granted to such person, said clerk shall enter at the appropriate places in the record so kept by him, a memorandum of said fact; so that the records so kept by said clerk of the court shall correspond with the records of said board as kept by the secretary thereof. In case a person so licensed shall move into another county of this State, he or she shall procure from the clerk of the court a certified copy of said license, and file the same with the clerk of the District Court in the county to which he or she shall

so remove. Said clerk shall file and enter the same with like effect as if the same was the original license.

Sec. 5. This act shall not apply to commissioned surgeons of the United States army or navy, to physicians or surgeons in actual consultation from other states or territories, or to actual medical students practicing medicine under the direct supervision of a preceptor.

Sec. 6. Any person practicing medicine or surgery within this State without first having obtained the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than fifty (50) nor more than one hundred (100) dollars, or by imprisonment in the county jail not less than ten (10) days, nor more than ninety (90) days, or both fines and imprisonment. Any person shall be regarded as practicing within the meaning of this act who shall append the letters "M. D." or "M. B." to his or her name, or for a fee prescribe, direct or recommend for the use of any person any drugs or medicine, or other agency for the treatment, care or relief of any wound, fracture or bodily injury, infirmity or disease; provided, however, this act shall not apply to dentists. Justices of the peace and the respective municipal courts shall have jurisdiction over violations of the provisions of this act. It shall be the duty of the respective county attorneys to prosecute violations of this act.

Sec. 7. Chapter one hundred and twenty-five (125) of the General Laws of eighteen hundred and eighty-three (1883) is hereby repealed. It is, however, provided that all persons licensed under said act shall be taken and considered as licensed under this act. And the secretary of the board herein provided for shall enter the names of such persons upon the register so kept by him as licensed physicians and surgeons, without application or fee upon the part of the persons so licensed.

Sec. 8. This act shall take effect and be in force from and after July 1st, 1887.

Approved April 22nd, 1895.

RULES AND REGULATIONS.

I.—Applicants shall be required to receive a minimum marking of sixty-five per cent in: 1 Practice of Medicine, 2 Practice of Surgery, 3 Materia Medica, 4 Obstetrics, 5 Diseases of Women and Children; and a minimum marking of fifty per cent in each of the following: 1 Anatomy, 2 Chemistry, 3 Physiology, 4 Pathology and Histology, 5 Diseases of the Eye and Ear, 6 Medical Jurisprudence and Preventive Medicine.

II.—Each applicant shall register his or her name opposite a number in a book kept by the secretary for that purpose, and shall mark his or her paper with said number, and shall be known to the members of this board only by said number until his or her papers have been examined and marked; and any paper having any other mark or device shall be thrown out without further examination.

III.—Any applicant failing to pass an examination satisfactory to this board, and being refused a license, may present himself or herself at any subsequent regular meeting of said board and receive another examination.

IV.—All examinations shall be in writing and in the English language.

*All persons desiring to practice medicine in Minnesota must pass an examination before the board at one of its regular meetings. The examinations are in writing, lasting two and one-half days, two hours being devoted to each subject.

†The clause requiring "three courses of lectures of at least six months each" applies only to those who have been graduated later than July 1st, 1887.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The climate is warm, the winters being short and mild, the summers long and hot. The mean annual temperature as observed at Vicksburgh is 65.57 degrees, that of the summer 80.52 degrees, and of the winter 50.45 degrees. The average annual rainfall is about 54 inches, ranging from 48 inches in the northwest to 64 on the gulf coast.

There are a few medicinal springs in the State.

The following table shows increase in population for 70 years:

1820	75,448	1860	791,305
1830	136,621	1870	827,922

MEDICAL LAWS OF MISSISSIPPI.

Chapter 104, Annotated Code of Mississippi, 1892.

Sec. 3243. Every person who desires to practice medicine must first obtain a license to do so from the state board of health. (For penalty see Sec. 1258.)

3244. Every person who desires to obtain a license to practice medicine must apply therefor, in writing, to the state board of health, and must be examined by said board touching his learning in the following branches of medicine only, viz.: Anatomy, chemistry, obstetrics, materia medica, physiology, pathology, surgery, and hygiene; and, if the applicant be found by the board, upon examination, to possess sufficient learning in said branches and be of good moral character, the board shall at once issue to him a license to practice medicine, which shall be signed by each member who approves of its issuance.

3245. The application for license must state: (1) The applicant's name in full; (2) his place of residence and postoffice address; (3) his nativity and age; (4) the time spent by him in medical studies; (5) the name and postoffice address of the preceptor under whom medical studies were pursued; (6) courses of medical lectures attended; (7) name of medical schools attended; (8) if a graduate of a medical college, name thereof; (9) time spent in a hospital; (10) time spent in the practice of medicine, if any; (11) school or system

of practice chosen; (12) references as to his personal character.

3246. The state board of health shall meet at the capitol on the first Tuesday in the months of April and October in each year, for the purpose of examining applicants for license to practice medicine, and shall continue in session until all applicants are examined and the examinations are approved or disapproved. All examinations as to applicants' learning shall be upon written questions and answers, and distinction shall not be made between applicants because of the different systems or schools of practice that may be chosen.

3247. Every person who shall apply for license to practice medicine shall, before he will be entitled to be examined, pay a fee of ten dollars and twenty-five cents; of which ten dollars are to be divided equally between those members of the board who attend and conduct the examination of the applicant, and twenty-five cents to be paid to the secretary of the board for filing and preserving the application for license.

3248. A license to practice medicine may be of such form as the state board of health may prescribe; but it shall contain a statement showing the place of residence, postoffice address, and qualification of the applicant, both as to learning and moral character.

3249. Every person who receives a license to practice medicine must file it in the office of the clerk of the circuit court of the county in which he resides within sixty days from the date of its issuance; otherwise it shall become void. When the license is filed the clerk shall record the same, with his certificate of the filing thereto attached, in a suitable book to be kept in his office for that purpose, upon the payment by the licensee of the fee provided by law; and, when recorded, he shall deliver the original, on demand, to the licensee. Whenever the licensee shall change the county of his residence and of usual practice, he must, under like penalty, file the original or a certified copy of the license, or of the record thereof, in the office of said clerk, in the county into which he shall move and practice, within sixty days of the time of such removal, to be there recorded in like manner and under like penalty.

3250. If a license to practice medicine be issued and be lost, the state board of health may issue a duplicate license in lieu of the one lost.

3251. The secretary of the state board of health may issue under his signature a temporary license to anyone to practice medicine, which shall be valid until the next succeeding meeting of the board for examining applicants; such license shall show the date of its issuance, otherwise it shall be void. Only one temporary license shall ever be issued to the same person, and it shall always be made to an individual and not to a partnership. The secretary shall be entitled to twenty-five cents for such license, and the same shall be recorded as a permanent license is required to be, under like penalty for failure.

3252. Physicians practicing medicine by virtue of a license lawfully issued under the laws heretofore in force, are not required to obtain license under this chapter, and are entitled to continue the practice by virtue of the license which they now have; but the requirements as to recording licenses shall apply to the licenses of physicians heretofore obtained.

3253. Females engaged in the practice of midwifery are not prohibited from such practice, but are entitled to engage therein without license.

Licensed physicians who reside without this state and whose practice of medicine extends into it, may obtain license to practice medicine in this state without being examined as to their learning by presenting a written application for a license, in the form prescribed, to the state board of health; whereupon the secretary of the board shall issue to the applicant a license in the name of the board, for which the secretary shall be entitled to receive a fee of twenty-five cents, and the license shall be recorded as hereinbefore provided in each county in which the licensee shall practice, with like penalty for a failure to record as in case of a resident physician.

3255. The board of public contracts shall furnish to the state board of health such books, blanks and stationery as may be needed by it in carrying out the provisions of this chapter; and, at the request of the state board of health, shall deliver to the secretary of state such record books as the clerks of the circuit court may need, in which to record licenses to practice medicine, to be by him promptly and safely transmitted at the cost of the state to such of said clerks as the board of health may designate.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

"Anomalies of Refraction and of the Muscles of the Eye."

By FLAVEL B. TIFFANY, M. D.

The second edition of this work, "Anomalies of Refraction and of the Muscles of the Eye," is just published. The first edition is entirely exhausted and orders are now being filled from the revised second edition. The work seems especially to fill the needs of the general busy practitioner, as well as the student of medicine, and more especially the beginner in ophthalmology. For the optician it is just what he wants, as has been expressed by several. It is generally said of the book that it is plain and easily understood, that it contains the kernel without the husk, all the essentials, coming direct to the point without verbosity or reiteration, and that it is up to date in all the more recent developments of the science. The author has gone carefully over the work, correcting the few typographical errors, eliminating what seemed superfluous and adding valuable data. He congratulates himself on the fact that the book has made its way entirely upon its true merit and intrinsic worth, without a publishing house or book agent to push it. Orders for the work may be sent to the author.

Price, \$3.00 per copy.

"PHYSICIAN'S RECORD BOOK." By Flavel B. Tiffany, M. D.

Dr. Flavel B. Tiffany's new Record Books for the eye, ear, nose and throat men are now on sale and can be obtained from the author, 13th and Grand Ave., Kansas City, Mo.

There are three different forms—one for the ophthalmologist, one for the laryngologist, and another combined for the ophthalmologist and otologist, rhinologist and laryngologist. These contain numerous data with list of questions, designed to bring to light the true diagnosis. There are several colored plates, which help to diagnose and conserve in a systematic way a complete record of cases, together with the credit and debit. The books are not burdened with superfluous questions, data or charts, but contain only the more important questions and illustrations, which, when filled out, give a full history and picture of each case. The books are of incalculable value, especially when it becomes necessary to refer to former cases. The plates of the oculist's book show the normal fundus in color, in which, by a few strokes of the pen or by erasures, the different diseases of the fundus of the eye can be quickly and vividly indicated, as retinitis or choroiditis, posterior staphyloma, optic nerve atrophy, etc. There are two plates for recording the field of vision, also two front and two profile views of the eyeball, upon and within which pathological lesions can be quickly indicated. The books are put up in strong binding, with morocco leather corners and spring back. They contain 365 pages, or a page for one new patient each day in the year. These books save time and labor and serve as a day book, journal, ledger and cash book, as well as a complete record of each case treated. Price, \$5.00. Sample sheets can be obtained by applying to the author, Flavel B. Tiffany, M. D., 13th and Grand Ave., Kansas City, Mo.

Illinois, Kentucky and Tennessee, and on the west by Indian Territory, Kansas and Nebraska. It extends from 36 degrees 30 minutes to 40 degrees 30 minutes north latitude and from 89 degrees 2 minutes to 95 degrees 50 minutes west longitude, and comprises an area of 63,350 square miles, or 40,824,000 acres. The Missouri river, which bisects the State laterally, divides Missouri into two distinct parts. The surface north of the river is generally level, while that south of it is undulating, becoming rougher and more mountainous as it approaches the Ozark mountains. The Mississippi and Missouri rivers with their numerous tributaries irrigate and drain every portion of the State. The climate is subjected to great extremes, the winters being very cold and the summers long and very warm. Despite this fact, the State is considered a healthy one and is peculiarly suitable for persons suffering from consumption. The mean annual temperature as observed at St. Louis, is 55 degrees, that of the summer 76.12 degrees, and that of the winter 32.90 degrees. The average annual rainfall is about 42 inches.

The following table shows increase in population for 70 years:

1820	66,557	1860	1,182,012
1830	140,455	1870	1,721,295
1840	383,702	1880	2,168,380
1850	682,044	1890	2,679,184

There are several mineral springs in the State.

The medical colleges in the State are the Missouri Medical College, St. Louis; St. Louis Medical College, St. Louis; Medical Department, University of the State of Missouri, at Columbia; the Homoeopathic Medical College of Missouri, St. Louis; Kansas City Medical College, Kansas City; St. Louis College of Physicians and Surgeons, St. Louis; American Medical College, St. Louis; University Medical College of Kansas City, Kansas City; Ensworth Medical College, St. Joseph; Beaumont Hospital Medical College, St. Louis; Kansas City Homoeopathic Medical College, Kansas City; Marion-Sims College of Medicine, St. Louis; Barnes Medical College, St. Louis; the St. Louis Woman's Medical College and Hospital, St. Louis; the Central Medical College of St. Joseph, and the Woman's Medical College, Kansas City.

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White	Rate per 1,000 Colored.
2,679,184	32 435	12.16	29 641	2,794	11.72	18.54

Total number of deaths from consumption during 1890 was 3,559, which was at the rate of 1.32 per 1,000 of population, or 109.72 per 1,000 of total deaths.

shall furnish to the county clerks of the several counties a list of all persons receiving certificates: Provided, that nothing in this article shall authorize the board of health to make any discrimination against the holders of genuine licenses or diplomas under any school or system of medicine. (Laws 1883, p. 115.)

Sec. 6873. Verification of diplomas.—Said State Board of Health shall examine diplomas as to their genuineness, and if the diplomas shall be found genuine, as represented, the secretary of the State Board of Health shall receive a fee of one dollar from each graduate or licentiate, and no further charge shall be made to such applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The verification of the diploma shall consist in the affidavit of the holder and applicant, that he is the lawful possessor of the same, and that he is the person therein named; such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. Graduates may present their diplomas and affidavits as provided in this article, by letter or by proxy, and the State Board of Health shall issue a certificate as though the owner of the diploma were present. (Laws 1883, p. 115—a.)

(a) An applicant for a certificate to practice medicine and surgery must give satisfactory proof to board of health of having received his diploma from a legally chartered medical institution in good standing. 83 Mo., 123.

Sec. 6874. Examinations made by board.—All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by the board shall authorize the possessor to practice medicine and surgery in the State of Missouri. (Laws 1883, p. 115.)

Sec. 6875. Certificates to be recorded with county clerk.—Every person holding a certificate from the State Board of Health shall have it recorded in the office of the county clerk of the county in which he resides, and the record shall be indorsed thereon. Any person removing to another county to practice medicine and surgery shall procure an indorsement to that effect on the certificate from the clerk of the county court, and shall have the certificate recorded in the office of the clerk of the county to which he removes, and the holder of the certificate shall pay to said clerk of said county the usual fees for making the record. (Laws 1883, p. 115.)

CANCER PERMANENTLY CURED.

WITHOUT RESORT TO THE KNIFE.

Dr. E. O. SMITH has made the treatment of cancer, in all its forms, a special study, and has practiced in Kansas City continuously for seven years. Hundreds of permanently cured people here and all over the United States testify to the success of his method. He is a graduate of Rush Medical College, Chicago, and has the hearty co-operation of many home physicians. Treatment is given at Dr. Smith's specially built Sanitarium. Charges are reasonable. Correspondence is invited from physicians throughout the country.

Sec. 6876. Clerk to keep list of certificates, etc.—The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it, and the date when conferred. The register of the county clerk shall be open to public inspection during business hours. (Laws 1883, p. 115.)

Sec. 6877. Examination made in writing.—Examinations may be made in whole, or in part, in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner. (Laws 1883, p. 115.)

Sec. 6878. Certificates—when revoked.—The State Board of Health may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes, after giving the accused an opportunity to be heard in his defense before the board. (Laws 1883, p. 115.)

Sec. 6879. Who regarded as practicing medicine.—Any person shall be regarded as practicing medicine within the meaning of this article, who shall profess, publicly, to be a physician, and to prescribe for the sick, or who shall append to his name the letters "M. D.," but nothing in this article shall be construed to prohibit students from prescribing under the supervision of a preceptor, or to prohibit gratuitous services in cases of emergency; and this article shall not apply to commissioned surgeons of the United States army, navy and marine hospital service. (Laws 1883, p. 115.)

Sec. 6880. Itinerant vendors of drugs, etc., to pay license—penalty.—Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind, intended for the treatment of disease or injury, or who shall, by writing or printing, or any other method, publicly profess to cure or treat diseases, injuries or deformities by any drug, nostrum, manipulation or other expedient, shall pay to the State a license of one hundred dollars per month, to be collected as provided for by law, as all other licenses are now collected; and any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not to exceed five hundred dollars, or by imprisonment in the county jail not to exceed six months, or by both such fine and imprisonment. (Laws 1883, p. 115.)

Sec. 6881. Penalty for violating provisions of this article.—Any person practicing medicine or surgery in this State without complying with the provisions of this article shall be deemed guilty of a misdemeanor, and be punished by a fine of not less than fifty dollars nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days nor more than three hundred and sixty-five days, or by both such fine and imprisonment, for each and every offense; and any person filing or attempting to file as his own the diploma or certificate of another, or a forged affidavit or identification, shall be guilty of a felony, and upon conviction thereof shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery in the second degree, but the penalties shall not be enforced until a period of six months after the passage of this law: Provided, that the provisions of this article shall not apply to those persons who have been practicing medicine five years in this State. (Laws 1883, p. 115.)

Sec. 6882. Who to perform duties of county clerk in St. Louis city.—Whenever in this article it is provided that any duty or service shall be performed by any county clerk, such duty and service in the city of St. Louis shall be performed by the city register or health commissioner of the city of St. Louis, as if such officer was specially named to perform these duties and services. (Laws 1883, p. 115.)

MINIMUM REQUIREMENTS OF THE STATE BOARD OF HEALTH OF MISSOURI.

1. Condition of admission to lecture courses.—First, creditable certificates of good moral standing; second, diplomas of graduation from a good literary and scientific college or high school, or a first-grade teacher's certificate.

2. Branches of medical science to be included in the course of instruction.—(1) Anatomy, (2) Physiology, (3) Chemistry, (4) Materia Medica and Therapeutics, (5) Theory and Practice of Medicine, (6) Pathology, (7) Surgery, (8) Obstetrics and Gynaecology, (9) Hygiene, (10) Medical Jurisprudence.

3. Length of regular graduating course.—The time occupied in the regular courses of sessions from which students are graduated shall not be less than six months or twenty-four weeks each; (2) three full courses of lectures, no two within one and the same year of time, shall be required for graduation with the degree of Doctor of Medicine.

4. Attendance and examination, or quizzes.—(1) Regular attendance during the entire lecture courses shall be required, allowance to be made only for absence occasioned by the student's sickness, such absences not to ex-

ceed 20 per centum of the course; (2) regular examinations, or quizzes, to be made by each lecturer or professor daily, or at least twice each week; (3) final examinations in all branches, to be conducted, when practicable, by competent examiners, other than the professor in each branch.

5. Dissections, clinics and hospital attendance.—(1) Each student shall have dissected during three courses; (2) attendance during at least three terms of clinical and hospital instruction shall be required.

6. Time of professional studies.—This shall not be less than four full years before graduation, including the time spent with the preceptor, and attendance upon lectures, or at clinics or hospitals.

7. Instruction.—The college must show that it has a sufficient and competent corps of instructors and the necessary facilities for teaching, dissections, clinics, etc.

8. Graduates in pharmacy or dentistry, or of recognized schools of midwifery, who may matriculate as students of medicine, shall receive credit for one year's study, but a diploma in pharmacy, dentistry or midwifery shall not be considered the equivalent of a course of lectures in a medical school, unless the curriculum of the pharmaceutical, dental or college of midwifery issuing said diploma includes instructions in the subjects taught in a regular medical course for first-course students, and the student has complied with paragraph one of this schedule.

9. In case the applicant cannot comply with the above requirements, he or she may come before the board at a regular meeting and undergo an examination in writing in all the branches of medicine and surgery, in which the applicant, in order to pass, must give correct answers to 80 per cent of the questions asked.

10. A college in good standing with this board shall be one in which the course of instruction is a graded one.

(Schedule one of these requirements went into effect February 1, 1895.)

To the Medical Profession.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

WOMANS' MEDICAL COLLEGE **AND HOSPITAL ASSOCIATION,**

16th and Pine Streets,

ST. LOUIS, MO.

COURSE OF INSTRUCTION.

Four years, graded course of six months.

METHODS OF INSTRUCTION.

Recitations, Demonstrations, Analytical and Synthetical quiz. The didactic method is almost wholly eliminated from the work of this school as incompetent for the purpose of teaching.

REQUIREMENTS FOR ADMISSION.

The State Laws of Missouri, Illinois and Iowa are now uniform upon this point, and these requirements will be strictly enforced. In brief, this is a first grade teacher's certificate, or a diploma of graduation from some good literary or scientific college, high school or academy, in lieu of this an opportunity will be given to pass a first grade teacher's examination.

TECHNICAL DEPARTMENTS.

The Laboratories are fully equipped with the most modern and scientific instruments of precision and instruction, so that each student with her own hands works out the lessons of the day.

Session begins September 23d, 1896. Terms are reasonable as are consistent with the requirements of the work.

The Woman's Hospital is under the direct control of the faculty and is open for the students for practical instruction.

For further information, or catalogues, address,

GEO. F. HULBERT, M. D., PRESIDENT.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians 101 to 190 indicates the college of graduation, and the last number the year in which diploma was granted.

MONTANA.
CAPITAL, HELENA.

Population of State, 132,159.
(Census of 1890.)

Males	87,882	Native	89,063
Females	44,277	Foreign	43,096
White	127,271	Chinese	2,538
Colored	1,490	Indians	860

Number of Physicians, 247.

Montana extends from 104 degrees to 116 degrees west longitude, and from 44 degrees 25 minutes to 49 degrees north latitude, and is bounded on the north by the British Possessions, on the south by Idaho and Wyoming, on the west by Idaho, and on the east by the Dakotas. It contains an area of 143,776 square miles, or 92,016,640 acres.

The western portion of the State is mountainous and the eastern is a vast rolling table land. The principal range of the Rocky mountains extends along the southwestern boundary of the State, and the scenery in many parts is grand and picturesque. Besides the two great rivers, the Missouri and the Columbia, which have their sources in Montana, there are a number of other noble streams in the State, notably the Yellowstone, Jefferson, Madison, Musselshell, Gallatin and Deer Lodge rivers.

The climate is milder than the latitude and elevation would seem to indicate, the mean annual temperature as observed at Helena being 43.04 degrees, that of the summer 70.28 degrees, and of the winter 19.16 degrees.

The following table shows increase in population since 1870:

1870	20,595	1890	132,159
1880	39,159		

Rate of Mortality in Montana, as computed from the U. S. Census of 1890:

Population.	Deaths in 1890.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
132,159	1,012	7.66	986	26	7.75	5.03

The total number of deaths from consumption during 1890 was 55, which was at the rate of .42 per 1,000 of population, or 54.34 per 1,000 of total deaths.

MEDICAL LAWS OF MONTANA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF MONTANA, AND TO PROVIDE FOR THE EXAMINATION AND ISSUING OF CERTIFICATES TO PERSONS DESIROUS OF PRACTICING THE SAME; AND FOR THE PUNISHMENT OF PERSONS VIOLATING THE PROVISIONS OF THIS ACT, AND TO APPROPRIATE MONEY THEREFOR.

Be it enacted by the Legislative Assembly of the State of Montana:

Section 1. The Governor, with the advice and consent of the Senate, shall appoint seven learned, skilled and capable physicians, who shall have been residents of the State of Montana for not less than two years preceding their appointment, not more than two of whom shall be from the same county, and who have attended three courses of lectures, and are graduates of accredited colleges of medicine, who shall constitute the board of examiners for the purposes of this act. The physicians so appointed shall hold their respective offices for seven years: Provided, That the terms in office of those constituting the present board shall not be affected by the provisions of this act; and the terms of their successors shall be so arranged as to succeed the present incumbents as their terms expire, and Provided, also, that all vacancies occurring shall be likewise filled by appointment by the Governor by the advice and consent of the Senate. Appointments made when the Senate is not in session shall take effect immediately, and may be confirmed at the next ensuing session.

Sec. 2. The Board of Medical Examiners must, on the first Tuesday of April of each year, elect from their number a president, secretary and treasurer, and must have a seal. Four members of said board shall constitute a quorum. The president and secretary have the power to administer oaths in examination of applicants for certificates, and witnesses called before the board in the transaction of business under the provisions of this act. The board of examiners must hold meetings for examinations at the seat of government on the first Tuesdays of April and October of each year, and at such other times and at the same and other places as the board may determine. The board must keep a record of all proceedings thereof, and also a register of all applicants for a certificate, with the age of the applicant, time spent in the study of medicine, and the name and location of all the institutions granting to such applicant degrees or certificates of lectures attended in medicine or surgery. The register must also show whether such applicant was rejected, or has received a certificate under this act; such register is prima facie evidence of all the matters therein kept.

Sec. 3. Every person hereafter wishing to practice medicine or surgery in any of their departments in this State, shall apply to said board for a certificate to do so. Every person applying shall present his or her diploma to the said board of examiners for verification as to its genuineness; and if the diploma is found genuine and is issued by a medical school legally organized and in good standing, whose teachers are graduates of a legally organized school, which facts the said board of examiners shall determine, and if the person presenting and claiming said diploma be the person to whom the same was originally granted, at a time and place designated by said board, or at a regular meeting of said board, said applicant shall submit to an examination in the following branches, to-wit: Anatomy, physiology, chemistry, histology, materia medica, therapeutics, preventive medicine, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence, and such other branches as the board shall deem advisable, and present evidence of having attended four courses of lectures of at least six months each, but such evidence of attending such four courses of lectures shall not be required of graduates graduating prior to July 1, 1898; said board shall cause such examination to be both scientific and practical, but of sufficient thoroughness and severity to test the candidate's fitness to practice medicine and surgery; when desired, such examination may be conducted in the presence of the dean of any medical school, or the president of any medical society of this State. After examination such board shall, if the candidate has been found qualified, grant a certificate to such candidate to practice medicine and surgery in the State of Montana; which said certificate can only be granted by the consent of not less than four members of the said board, and which certificate shall be signed by the president and secretary of said board, and attested by the seal thereof. Provided, however, that during the intervening period of the sessions of the board, any person desiring to practice medicine in this State may present his or her diploma to the president or secretary of the board, who may issue a certificate good until the next regular meeting of the board; and provided further, that all physicians and surgeons who hold certificates granted by the now

existing board of medical examiners shall be exempt from the provisions of this section.

Sec. 4. The board may refuse to grant a certificate for unprofessional, dishonorable or immoral conduct. Before a certificate can be refused for such cause the board must serve in writing upon the applicant a copy of any charge or charges against him and appoint a day for hearing, at which the applicant or any witnesses in his behalf may appear and give testimony in refutation of such charges. In case the board after such hearing refuse a certificate to the applicant, the decision specifically stating the ground upon which such decision was made must be reduced to writing and a copy thereof delivered to the applicant upon demand of the applicant. Upon a like hearing the board may refuse a certificate to any one who may publicly profess to cure or treat disease, injury or deformity in such a manner as to deceive the public. The hearing provided for herein must take place within 20 days after the service of the copy of the charges upon the applicant, unless delayed by, or further time is granted to the applicant, and the decision of the board must not be later than 10 days after the day of hearing. If the decision is not rendered within said period of 10 days the applicant is not subject to any penalties for practicing without a certificate during the time that elapses before the decision is made. The board, with the concurrence of four members thereof, may revoke a certificate for unprofessional, dishonorable or immoral conduct. Before such revocation can take place, a written complaint specifically stating the charges against the person whose certificate is sought to be revoked must be delivered to the board and a copy thereof be served upon such person 20 days before the time fixed by the board for the hearing of such charges. The board must fix the time and place for the hearing at which the person charged may appear and produce testimony in refutation of such charges. If, after such hearing, the board revoke the certificate of such person, the ground upon which such revocation is made must be specifically stated by the board in writing, and a copy thereof delivered, on demand, to the person whose certificate is revoked. In all cases of the refusal or revocation of a certificate to practice medicine by the said board the person aggrieved thereby may appeal from the decision of the board to the district court of the county in which such revocation or refusal was made. The appeal is taken by the appellant serving notice of appeal upon any officer of the board within 30 days after receiving from the board a copy of the decision and filing within the same time with the clerk of the proper district court a verified copy of the decision appealed from, together with a verified copy of any charges furnished by the board to the appellant. The appeal is conducted to a determination in all respects as an appeal from a decision of a board of county commissioners disallowing a claim. The district court must affirm or reverse the decision of the board of medical examiners. In case of reversal a certified copy of the judgment is equivalent to a certificate permitting the appellant to practice medicine and surgery. An appeal may be taken from the judgment of the district court by either party to the Supreme Court within 60 days from the entry thereof, in like manner as in civil cases. In case of an appeal from a decision revoking a certificate the appellant may be permitted, in the discretion of the court, to practice during the pendency of the appeal.

Sec. 5. Every person obtaining a certificate from the board must, within 60 days from the date thereof, have the same recorded in the office of the county clerk in the county where he resides; if he removes from one county to another to practice medicine or surgery, his certificate must immediately be recorded in the county to which he removes. The county clerk must endorse upon the certificate the date of record, and he is entitled to charge and receive his usual fees for such services, the fee to be paid by the applicant. Until the certificate be recorded, as provided by this section, the physician practicing under it is subject to the penalties prescribed in the penal code for practicing without a certificate.

Sec. 6. This act shall not apply to midwives of skill and experience, commissioned surgeons of the United States army and navy in the discharge of their official duties, nor to physicians and surgeons in actual consultation from other States and territories.

Sec. 7. Any person practicing medicine or surgery within this State contrary to the provisions of this act shall, for each violation of the provisions of this act, be guilty of a misdemeanor, and upon conviction shall be fined not more than \$500 nor less than \$100, or by imprisonment in the county jail not more than 90 days nor less than 30 days, or by both said fine and imprisonment as the court may determine. Any person shall be regarded as practicing within the meaning of this act who shall append the letters M. D. to his or her name, who shall profess publicly to be a physician or surgeon, or who shall recommend, prescribe or direct, for the use of any person, any drug, medicine, appliance, apparatus or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily

injury, or other deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation.

Sec. 8. Candidates for examination shall pay in advance to the secretary of the board of medical examiners a fee of fifteen dollars (\$15), which fee shall defray the entire expense of said candidates for examination before the aforesaid board of examiners. Any one failing to pass the required examination shall be entitled to a second examination within six months, without fee. And the moneys so received shall be turned over to the State Treasurer, to be by him deposited in the medical board fund, as hereinafter provided.

Sec. 9. Each member of the board is hereby allowed the sum of \$5 per day and mileage while in the active and necessary discharge of his duties. And there is hereby established a fund to be known as the medical board fund. And a sum of fifteen hundred dollars (\$1,500) is hereby annually appropriated out of any moneys in the State treasury not otherwise appropriated to meet the expenses incurred in carrying out the provisions of this act. The State Treasurer is hereby directed and required to set such sum apart to the credit of such fund, subject to the orders and disbursements as herein provided for. The money in said fund shall only be paid out by warrant on said fund on an order drawn by the secretary of said board, countersigned by the president. The rate of mileage and attendance before said board shall be the same as is now allowed in justice of the peace courts. And the board must report annually on the first Monday of November to the Governor, which report must show all the transactions of the board, giving the number of applications received, the number of certificates granted and rejected, giving the reasons therefor, the amount of money received, the expenses, the fees and mileage paid, and by whom received, and the amount of money remaining in said fund.

Sec. 10. Article XVII., Chapter III., Title I., Part III., Political Code, and all acts and parts of acts in conflict with this act are hereby repealed.

Sec. 11. This act shall take effect and be in force from and after July 1, 1895.

Approved March 13, 1895.
